

Dear Valentin,

Subject:- Notification of abstract acceptance

On behalf of the Conference Committee, we have received your abstract titled

Catalytic hollow spheres loaded with Cross-Linked Enzyme Aggregates for the green chemo-enzymatic production of epoxides

and are pleased to inform you that the review committee has accepted the abstract for the 18th edition of the International Symposium of Homogeneous and Heterogeneous Catalysis (ISHHC18) as an oral presentation.

If you haven't registered as yet would advise you to do so at your earliest convenience particularly if you are based in outside Australia to give you sufficient time to obtain a Visa.

The early bird registration window closes on May 1st. There will be no extension of this date.

We would like presenters to register before May 14th to give us sufficient time to find substitutes those who, due to unforeseen circumstances, can not attend.

If you have any queries, or need any other documentation to organise your trip please feel free to contact me.

We look forward to welcoming you to ISHHC18.

Yours sincerely,

Roger Stapleford
