E.F.S.S
U.E.M.S.
ANNUAL INTERNATIONAL CONFERENCE OF
THE EGYPTIAN FERTILITY AND STERILITY
SOCIETY
NEW TRENDS AND DEVELOPMENTS IN
WOMEN'S REPRODUCTIVE HEALTH
PROGRAM

WELCOME MESSAGE FROM THE PRESIDENT

Dear Colleague,

It is now 29 years since the establishment of our Society. Many thanks to you all for your overwhelming support which enabled the society to continue its role in Continuing Professional Development and Education in infertility.

When we started our Society we were only 21 founding members, today we are more than 1450 registered members. Your society is one of the largest national fertility societies worldwide and we are continuing to grow. Thanks for the enthusiasm, you all expressed which qualified your society to be a member of the prestigious International Federation of Fertility Societies (IFFS) for decades and the African Federation of Fertility Societies (AFFS).

The society publishes Six issues a year, the peer-reviewed Egyptian Journal of Fertility and Sterility since 1997. Today 57 issues of our journal are already published. The journal enjoys great popularity in Egypt and attracts a number of researchers from abroad to publish their original articles in it.

The editorial process in EFSSJ is completed online and authors are notified automatically with the result of refereeing within a "3 weeks" period. The journal welcomes the submission of manuscripts that meet the criteria of scientific excellence. Our Journal website is http://egyfs.journals.ekb.eg/ I would like to thank Prof. Aboubakr El Nashar, the Editor, Prof. Mohamed Salama Gad, and Prof. Hossam Fahem Abdelrahim, Associate Editors for their efforts and great support in publishing the EFSS Journal.

The 2023 EFSS congress is granted **14 accredited hours** from the Arab Commission for Accreditation of Professional Programs (ACAPP) Continuous Professional Development Activity Accreditation, and **?? accredited hours** from the European Accreditation Council for Continuing Medical Education (EACCME).

This year we have 40 International guests, who are leading scientists and pioneers in the field, from five continents. From them, only 7 Guests, due to previous commitments will be attending virtually.
Special thanks to our guests from all over the world for their prompt response to our invitation to participate in this meeting. Indeed, I really am

grateful to them all for accepting to be with us at this meeting and to share with us their great expertise in the field of reproductive medicine in spite of their very heavy commitments. For those who could manage to come to Cairo, I wish them

all a very enjoyable stay and a safe journey back home or to other destinations to fulfill their commitments in different parts of the World. For those who participated virtually a big fat THANK YOU for sharing with us your great expertise.

I sincerely thank all members of the EFSS Board of Directors particularly our Secretary General and the Secretary of the conference, Professor Amr El Shalakany who worked tirelessly for one year preparing for this conference and indeed did a wonderful job by putting together such an outstanding scientific and social program for this year's conference. Words would fail to thank him tremendously for his huge efforts and dedication in supervising every detail of the conference all through the year. I also would like to thank all members of the board for their continued collaboration for the prosperity of our society.

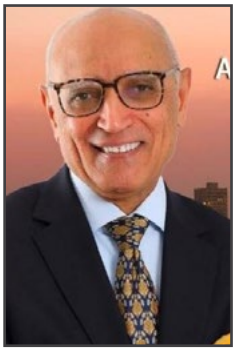

Sincere thanks to the conference organizers particularly Mrs. Azza El Tobgi and Mr. Reda El Shebiny and Pure Spot marketing agency for the tremendous efforts in the preparation of this conference.

I also would like to thank all the medical industry companies who supported the conference.

Hope you all will enjoy the outstanding scientific and social program of the conference. Those who are from outside Cairo enjoy this vibrant city which does not sleep but please make sure to actively participate, as well, in the conference.

Yours Sincerely,

Prof. Gamal Serour
FRCS, FRCOG, FACOG
President of the Society and the Conference

A MESSAGE FROM THE VICE PRESIDENT

Dear Colleague,

It gives me great pleasure to welcome you all to our 29th Annual International Meeting.

The meeting has become a fixture on the scientific agenda of most gynecologists in Egypt where they can discuss and listen to the up-to-date knowledge and exchange experiences with their friends and professors.

This year's meeting is different, we have tried as you can see from the program to include a wide variety of common medical problems that face us during our daily practice and to include some advanced knowledge in the ever- changing world of infertility treatment.

We have expanded the list of guest speakers to include different schools of management from both East and West. The subjects they are going to tackle are their own field of expertise which can allow them to give you firsthand the most advanced views each in his own area. I would like to welcome each of them to Egypt and wish them a very pleasant stay.

As you can see we have also included very interesting workshops in most of our sub-specialty. We have also tried to make these workshops geographically available to our junior colleagues by arranging them throughout Egypt.

At the end, I welcome you all and hope you enjoy your stay and the meeting as well.

Yours Sincerely,

Prof. **Mohamed Yahia**
Vice President of the Society and the conference

A MESSAGE FROM THE SECRETARY-GENERAL

Dear Honourable Guests, Participants and Colleagues,

It is my pleasure and honour to welcome you to the 29th Annual International Conference of the Egyptian Fertility and Sterility Society (EFSS). Cairo, through its second millennium, is authentic but forever a young city. The conference venue overlooking the Nile will simply remind you of this. The event has been exhaustively planned to take you to the last-minute updates in reproductive medicine and clinical practice in the field of women's fertility care. The scientific content will also broaden to include other issues in gynecologic and obstetric practice that are linked to the care of fertility. This is meant to include recent trends in related disciplines in endoscopy, gynecological surgery, early pregnancy and maternal health, laboratory technology, and reproductive endocrinology.

The following 7 pre-congress workshops have been arranged as part of the EFSS 2023 congress:

1- Colposcopy & HPV Vaccination, organized by Prof. Mohamed Salama Gad, on October 25th 2023 at OB/GYN Department Menofeia University
2- Ultrasonography in Infertility, organized by Prof. Ibrahim Mahrous, on 25th, 26th, 27th November 2023 at Al Hussein Hospital.
3- ART Workshop, at the IICPSR, Al Azhar University- organized by Prof. Gamal Serour, during the period November 27th-28th, 29th 2023.
4- Introduction to reproductive genetics, at Marriott Hotel, Zamalek. Organized by Prof. Hossam Fahim, on November 29th 2023.
5- Hysteroscopy: organized by Dr. Ahmed El Sherbiny, to be held during the period Nov. 28-29, 2023 at the Insurance Medical Center, the Suez Governorate.
6- Polycystic Ovary Syndrome (PCO), organized by Prof. Luca Gianaroli, IFFS, on November 29th, 2023, at Marriott Hotel, Zamalek.
7- Mastering Research in Reproductive Medicine, the process of research, how to preserve research integrity. Organized by Prof. Emad Darwish and Prof. Mahmoud Abel Aleem, on November 29th, 2023, at the Marriott hotel, Zamalek.

The organizing committee has also worked hard to make it a great social gathering. I wish you all a fruitful scientific meeting and a memorable gathering.

Yours Sincerely,

Prof. **Amr El Shalakany**
MSc MD FRCOG
EFSS & Conference Secretary General

FROM THE BYLAWS OF THE SOCIETY

The Society exists for educational and scientific purposes, and not for the purpose of making profits for its members or for any other person or organization. Any surplus gained by the Society incidentally or otherwise shall be used solely for the purposes of the Society stated in this section. The Society has the following educational and scientific objectives:

1. To promote communication between gynecologists and other related disciplines interested in the field of infertility and sterility.
2. To promote communication between the society and other related national and international societies.
3. To encourage courses, meetings, congresses, and research in infertility and sterility to achieve better knowledge of infertility.
4. To issue a regular Journal and possibly a Newsletter to disseminate information and knowledge in the field to members of the Society.
5. To adopt dissemination and applicatio`n of ethical guidelines in the field of infertility.

PRESIDENT OF THE SOCIETY AND CONGRESS:
Prof. **Gamal I. Serour**

VICE PRESIDENT OF THE SOCIETY AND CONGRESS:
Prof. **Mohamed Yahia Soliman**

SECRETARY GENERAL OF THE SOCIETY AND CONGRESS:
Prof. **Amr El Shalakany.**

ACCREDITATION

EACCME: European Accreditation Council for Continuing Medical Education

The 2023 EFSS congress is granted **14.5 accredited hours** from the European Accreditation Council for Continuing Medical Education (EACCME).

Accredited hours from the
Arab Commission for Accreditation of Professional programs (ACAPP) Continuous Professional
Development Activity Accreditation

The 29th Egyptian Fertility and Sterility Society (EFSS)
Annual International Conference
has been evaluated and accredited by 14 hours.

ACKNOWLEDGEMENT

The Organizing Committee would like to sincerely thank the main sponsors of the meeting namely Eva Pharma, Nerhadou, Splended, IBSA, Merck Companies.

Without the generous support of these companies, the meeting would not have been possible.

Also, we would like to thank all other companies who supported the conference and the activities of the Society.

The Organizing Committee

INVITED INTERNATIONAL GUEST SPEAKERS OF THE CONFERENCE *(Alphabetical)*

Prof. ARCHIL G. KHOMASSURIDZE, Georgia
Tel.:(+995 32) 225 07 72 (home), (+995 32) 224 00 64 (office),
(+599) 995 50 42 11 (mobile);
E-mail: archilk@list.ru

Born 11, February, 1942, Tbilisi, Georgia.
General Director of "Zhordania and Khomassuridze Institute of Reproductology";
Full Professor and Chairman of the Department of Reproductology, Obstetrics and Gynecology of the Ivane Javakhisvili Tbilisi State University since 1997;
Member of the International Academy on Human Reproduction since 1997 and the member of the executive board of the International Academy on Human Reproduction since March 2023;
Founder and the President of Georgian Association of Reproductive Health since 2002.

1965-1985 worked in Moscow, Russia, at the Institute of Endocrinology and, later, at the Institute of Obstetrics and Gynaecology, where he defended Candidate and Doctoral Dissertations in Endocrinology and Obstetrics and Gynaecology.
1985-2012 he was General Director of Zhordania Institute of Human Reproduction, WHO Collaborating Center in Georgia.

He is a member of many International Scientific Federations, Academies, and Associations, Coordinator, and Consultant of International Programmes in Reproductive Health (UNFPA, WHO).

He is the founder of Reproductology and Contraception in the former Soviet Union and, afterward, in Georgia. In 1997, by his initiation, in Georgia was founded new medical discipline "Reproductology", which became an independent discipline of medicine from 2018. He is the initiator of the introduction of Contraception, Endoscopic surgery, and IVF in Georgia. He is a member of the Editorial Board of many International Journals, an organizer, and a participant in different international conferences.

Prof. A. Khomassuridze is an author of more than 450 scientific publications, 6 monographs, 5 manuals, and 3 Patents. Under his guidance 50 candidates and 5 doctoral theses' were defended.

AMIRA ELMAKKY MD, PhD, RCP, UK

Dr. Amira Elmakky is a Consultant Clinical Geneticist at Guy's and St Thomas' Hospitals, London, UK with special interest Dysmorphology, Prenatal and Reproductive Genetics.

Before joining the current job, she has worked in clinical genetics at Bologna University Hospitals and Carlo Poma Hospital of Mantua, Italy.

Dr. Elmakky has obtained her PhD in Biomedical Sciences from Bologna University, Italy. Afterward, she has completed her specialty training and obtained the European Board in Medical Genetics from Padua University, Italy.

She is first author and co-author of numerous International, peer-reviewed publications.

Professor Basil C. Tarlatzis, MD, PhD, FRCOG (hon), Greece (last year)

Professor Emeritus of Obstetrics – Gynecology & Human Reproduction, School of Medicine, Aristotle University of Thessaloniki, Greece

- President of the European Board & College of Obstetrics and Gynaecology (EBCOG)
- Regional Trustee Europe, FIGO Board of Trustees
- Past Chairman of the 1st Dept of Obstetrics & Gynecology, School of Medicine, Aristotle University of Thessaloniki, Greece
- Past Vice President of the Council of the Aristotle University of Thessaloniki, Greece
- Past Dean and Vice Dean, School of Medicine, Aristotle University of Thessaloniki, Greece
- Past Deputy Chairman of the National Authority of Medically Assisted Reproduction, Greece
- Past Chairman of the European Society of Human Reproduction and Embryology (ESHRE)
- Past President of the International Federation of Fertility Societies (IFFS)
- Visiting Professor, Faculty of Medicine and Pharmacy, Dutch-speaking Brussels Free University (AZ-VUB)

Professor Charles Chapron, France
Professor of Obstetrics and Gynecology, University Paris-Cité, Faculty of Health, Faculty of Medicine Paris-Centre, Paris, France
Professor and Chair, Head of the department of Obstetrics and Gynecology II and Reproductive Medicine,Cochin University Hospital, Paris, France.

SEUD Past President
Charles Chapron is full Professor of Obstetrics and Gynecology at the University Paris Descartes, Faculty of Medicine, since 1999. He was named Head of the department of Obstetrics and Gynecology II and Reproductive Medicine at Cochin University Hospital (Paris, France) in 2005. From 2013 to 2023, Professeur Chapron was nominated Head and Chair of the Department "Perinatologie – Periconceptologie – Gynecologie" coordinating activities of the three Departments of Obstetrics, Neonatalogy, Gynecology and Reproductive Medicine. From 2014 to 2020, Professor Chapron was named Vice Dean of the Faculty of Medicine at the Paris Descartes University, in charge of strategy and medical project. Professor Chapron was nominated Visiting Professor at the Siena University (Italy) in 2015, and at the Zhejiang University (Hangzhou China) in 2019.

In addition, he is the Chairman of two university diplomas and director of 20 medical theses. He has authored and co-authored about 462 peer- reviewed papers in international (336 publications) and in national (126 publications) scientific journals concerning surgical laparoscopy in gynecology, reproductive medicine and endometriosis. Publications were cited more than 30 668 times and his H-factor is 90 (indice i10 is 317). His SIGAPS score is 5 680. Professor Chapron has performed over 1 000 scientific presentations in international (724: 480 (66.3%) as invited speaker) and in national (330: 168 (50.9% as invited speaker) meetings. He is the coordinator of 14 scientific books and the author of more than 80 chapters in other scientific books.

Professor Charles Chapron is Member of several national and international Societies and is reviewer for a number of journals.

In the past, he has held the positions of Secretary General of the French Society of Endoscopy in Gynecology (SFEG), the Associate Secretary General of the Francophonic International Society of Pelvic Surgery (SIFCP), Coordinator of the Special Interest Group (SIG) of Reproductive Surgery of the European Society of Human Reproduction and Embryology (ESHRE), Secretary General of the French society of gynaecological surgery, Société de Chirurgie Gynécologique et pelvienne (SCGP), President of the Special Interest Group (SIG) on "Reproductive

surgery and endometriosis" of the American Association for Gynecologists Laparoscopists (AAGL) (2013) and President of the European Endometriosis League (EEL) (2013). Professor Chapron was elected President of the French Society of Gynaecologic Surgery (SCGP) in 2011 and was nominated as Member of the Pontifical Academy for Life (PAL) in 2012. In 2015, Professor Chapron was the President of the 1st Congress of the Society of Endometriosis and uterine disorders (SEUD). In 2016, Professor Chapron was elected SEUD President. Since 2018, he is President of the SEUD Corporate.

Over the last twenty years, Professor Chapron has worked intensively in Port-Royal University Clinic, Cochin University Hospital, together with a highly specialized team in endoscopic surgery. The two main research

activities were the following: 1) Research (clinical and science) on pathogenesis, assessment and management (medical and/or surgical) of endometriosis; 2) Clinical research on gynecologic operative laparoscopy (ectopic pregnancy, hysterectomy, myomectomy, complications of gynecologic surgery, …)

Ibrahim Wada, Abuja. Nigeria.

Dr. Duru Shah, India, MD FRCOG FCPS FICS FICOG FICMCH DGO DFP

Dr. Duru Shah is the Director, Gynaecworld, the "CENTER for Women's Health & Fertility" She is currently the Founder and President of the "PCOS Society" (India), a multidisciplinary Society that focuses its attention on the subject of PCOS. She is the Member of Board of ASPIRE and the Chair and Trustee of "Metropolis Foundation" (formally known as Women's Empowerment Foundation). She also Chair's the Council of Affiliated Menopause Societies, (CAMS) IMS.

Dr. Shah has occupied the highest position in the field of Obst. Gyn. in India as the President of Federation of Obstetrics and Gynecological Societies of India, (FOGSI) in 2006- 2008, which is affiliated to the International Federation of Gynecology and Obstetrics (FIGO), followed by being the President of "The Indian Menopause Society" in 2008-2009, the "Chair of the Indian College of Obstetricians & Gynecologists (ICOG)" in 2009-2011 and the "President of the Indian Society for Assisted Reproduction (ISAR)" in 2017-2018. On the International front she served as a Member of the Ethics Committee of FIGO for 6 years between 2010-2016and On the International front she has been the "Director of Digital Education" and the "Co-Chair of the IMPART Program and on the Board of the International Menopause Society" for 8 years between 2012- 2019. She is the immediate chair of the "ASPIRE Special Interest Group (SIG) on Reproductive Endocrinology & PCOS and was also the International Advisor of ESHRE's Special Interest Group "Safety & Quality in ART" (SQART).

In recognition of her work in the field of Women's Health Dr. Shah has been conferred with many Awards, the most prominent being:

Dr. Shah has lectured extensively both nationally and internationally and created excellent academic programs for postgraduate students and clinicians in the field

of Gynaecological Reproductive Endocrinology and Assisted Reproduction.

Dr. Shah is a Member on the Editorial Board of: -

- "The Obstetrician & Gynecologist" the Journal of the Royal College of Obstetricians and Gynecologists (RCOG) London.
- "Climacteric" – the Journal of the International Menopause Society, since 2010
- Journal of Human Reproductive Sciences-the Journal of the Indian Society for Assisted Reproduction (ISAR)
- Member of the EDITORIAL Board of "Gynecological and Reproductive Endocrinology and Metabolism" -the ISGE new open- access Journal.
- She has served as the Editor of the "Journal of Midlife Health" of the Indian Menopause Society during 2012-2014.

\Her areas of interest are Assisted Reproduction, Women's Health and High Risk Pregnancy.

On the Social front Dr. Shah's passion has always been to focus on "Adolescent Reproductive and Sexual Health" and has been working on this front since the year 2000 after having created several social programs related to Adolescent Reproductive and Sexual Health, Sexual Abuse (STAR, Growing up and Kishori programs) through FOGSI, She is currently focusing her attention on Gender Violence and Women's Rights through her own NGO "The Women's Empowerment Foundation" which is now the Metropolis Foundation. She has created a unique App called "Tooshytoask" for adolescents on Reproduction and Sexual Health which is currently available in 5 languages free to download on both AppStore and Playstore.

DR. EDEM K. HIADZI, Ghana

FOUNDER/CEO - LISTER HOSPITAL AND FERTILITY CENTRE

Dr. Edem K. Hiadzi is the Founder and Chief Executive Officer of Lister Hospital and Fertility Centre, a world class private hospital which he set up with the aim of providing efficient, reliable and superior quality healthcare to both local and international clients. He is a Consultant Obstetrician/ Gynaecologist and Fertility Specialist and was the third person to start the practice of Assisted Reproduction in Ghana. For his numerous achievements and contribution to society, he was elevated to Fellow of the Royal College of Obstetricians and Gynaecologists in September 2005 in the United Kingdom.

Dr Hiadzi is currently the President of the Fertility Society of Ghana (FERSOG), Board Member of the African Federation of Fertility Societies (AFFS), Vice Chairman of the Private Specialists Hospitals Group of Ghana, Executive Board Member of Lister Hospital and Fertility Centre, Chairman of the International Representative Committee of the Royal College of Obstetricians and Gynaecologists and President of the University of Ghana 1982 Year Group.

In recognition of his continuous strive for excellence Dr Edem Hiadzi has received several awards which include, Best Enterprise Award 2018 from the Global Club of Leaders, BID International Star for Quality Award

– Gold Category 2017, Overall Best Fertility Hospital of the year 2017 from the West African Clinical Alliance Awards, the Most Out-standing Private Hospital of the year from the Quality Service Excellence Awards, 2nd most respected CEO in the Health Sector from the Ghana Industry CEO Awards, Outstanding Fertility and Family Hospital from the 10th African Health CEO's and Legends Awards and Private Hospital of the year from the Chartered Institute of Marketing, Ghana (CIMG); Healthcare Provider of the Year 2022 from the Ghana

Business Awards, Healthcare CEO of the year 2023 from the Ghana CEO Network and Awards among others.

In 2021, at the height of the Covid-19 pandemic, Dr Hiadzi led the Lister Hospital Assisted Conception team to become the first hospital to undertake pre-implantation genetic diagnosis for couples with the sickle cell trait, in Ghana. For this achievement he received the award for pioneering innovation in healthcare at the Future of Healthcare Summit 2021 held in August of the same year.

Dr Hiadzi is very passionate about issues affecting women's health and male infertility and continues to work tirelessly to bring advancement in these fields; to provide hope to patients all over Ghana.

Professor Edgar Mocanu, - Ireland

Dr Mocanu is a practitioner and educator. He is a Specialist in Obstetrics and Gynaecology, an RCOG certified Subspecialist in Reproductive Medicine and Surgery and a Consultant at the Rotunda Hospital, Dublin. Edgar holds a Doctor in Medicine degree from Trinity College Dublin and is an Honorary Clinical Senior Lecturer with the Royal College of Surgeons in Ireland.

He divides his time between providing clinical care, academic education and engaging and contributing to the activities of international organizations such as ESHRE, FIGO, IFFS and the WHO. He is serving as IFFS President Elect. His research interests are in medical education, preventive reproduction, access to fertility care, oncofertility, genetics in male infertility, reproductive surgery and lean services in ART. President of the IFFS.

Professor Eli Y. Adashi, M.D., MS, MA (ad eundem), CPE, FACOG, FRCOG (ad eundem) USA

Professor of Medical Science
Former Dean of Medicine and Biological Sciences The Warren Alpert Medical School
Division of Biology and Medicine Brown University
Business Address: 272 George Street, Providence, RI 02906 Business Phone: 401 274 4032
E-mail address: Eli_Adashi@brown.edu

The former (5th) Dean of Medicine and Biological Sciences at Brown University, Dr. Adashi, an academic physician-executive, is a graduate of Tel Aviv University School of Medicine (MD, 1973) and the Harvard T.H. Chan School of Public Health program in Health Care Management (MS, 2005). A former president of the Society for Reproductive Endocrinologists (SRE), the Society for Gynecologic Investigation (SGI), and the American Gynecological and Obstetrical Society (AGOS), Dr. Adashi also served as Examiner and Director of the Division of Reproductive Endocrinology of the American Board of Obstetrics and Gynecology (ABOG).

Dr. Adashi completed residency training in Obstetrics and Gynecology at Tufts University (under the leadership of George W. Mitchell, Jr., MD) (1974- 77). Thereafter, Dr. Adashi pursued fellowship training in the subspecialty of Reproductive Endocrinology and postdoctoral training in reproductive biology at Johns Hopkins University (under the leadership of Georgeanna Seegar Jones, MD and Howard W. Jones, Jr., MD) and at the University of California at San Diego (under the leadership

of Aaron J.W. Hsueh, PhD and Samuel S.C. Yen, MD, DSc), respectively (1977-81). Faculty positions were held at the University of Maryland (1981-1996), the University of Utah (1996-2004), and Brown University (2004-present). Prior to joining Brown University, Dr. Adashi was the John A. Dixon Endowed Presidential Professor and Chair of the Department of Obstetrics and Gynecology at the University of Utah Health Sciences Center (1996-2004) and the founder and leader of the Ovarian Cancer Program of the Huntsman Cancer Research Institute (1999-2004).

An elected member of the National Academy of Medicine of the National Academy of Sciences (NAM;1999), Dr. Adashi served on the Consensus Committees on Antiprogestins: Assessing the Science (1993), Understanding Premature Birth and Assuring Health Outcomes (2005-2006), Human Embryonic Stem Cell Research (2006-2009), and Women's Health Research (2008-2012). In addition, Dr. Adashi served as co-chair of the Consensus Committee on Reducing Childbirth Mortality in Indonesia (2012-2013). Dr. Adashi also served as reviewer/review coordinator for 25 NAM reports, as chair of the Maternal & Child Health and Human development (IG-07) interest group (2009-2011), and as a member of the Board on Health Sciences Policy. Mentor to over 50 postdoctoral trainees and fellows, Dr. Adashi is the author or co-author of over 500 peer-reviewed publications and 120 book chapters/reviews in the general areas of reproduction, medicine, science, public health, law, bioethics, and human rights. The editor or co-editor of 16 books, Dr. Adashi's work has also seen press with the New York Times, the Washington Post, the Boston Globe, the Huffington Post and several other media venues. Multiple academic presentations were delivered in Europe, Japan, Korea, China, Taiwan, Australia, and South America.

Dr. Adashi has been the recipient of continuous National Institutes of Health (NIH) funding from 1985 to 2005 inclusive of a Research Career Development Award. NIH service included but was not limited to membership with the National Council of the National Institute of Child health and Human Development (NICHD) (1997-2001), the Reproductive Endocrinology Study Section (1988-1992), and the Selection Committee of the Reproductive Scientist Development Program (RSDP) (1988-2005). Participation in multiple NIH site visits appears noteworthy as well. Mention is also made of service on degree-granting committees and of multiple ad hoc grant reviewing assignments for the National Science Foundation, the March of Dimes Birth

Defects Foundation, Veterans Administration, United States Department of Agriculture, and The Welcome Trust.

Apart and distinct from serving on the editorial board of multiple journals, Dr. Adashi also served as Editor-In-Chief of Seminars in Reproductive Medicine and

as the Associate Editor of Endocrinology, Journal of the Society for Gynecologic Investigation, Reproductive Medicine Review, Seminars in Reproductive Endocrinology, Reproductive Medicine Review, and Reviews in Endocrine and Metabolic Disorders. Frequent service as a Guest Editor is noted as well.

Presently, Dr. Adashi is the chair of the Medical Executive Committee and the Medical Advisory Council of the Jones Foundation for Reproductive Medicine, a member of the Advisory Council of The Hastings Center, and a member of the Board of Governors of Tel Aviv University. A Franklin fellow and Senior Advisor on Global Women's Health to the Secretary of State Office of Global Women's Issues (1st term of the Obama Administration), Dr. Adashi is a former member of the Board of Directors of Physicians for Human Rights (PHR) and the Population Connection. Dr. Adashi is also a former member of the Council on Foreign Relations (CFR), the Global Agenda Council on Population Growth of the World Economic Forum, the Medicare Evidence Development & Coverage Advisory Committee (MEDCAC) of the Centers for Medicare & Medicaid Services (CMS), the Policy Working Group of the National Action Plan for the Prevention, Detection, and Management of Infertility of the U.S. Centers for Disease Control (CDC), and the Access to Care Task Force of the American Society for Reproductive Medicine (ASRM). In addition, Dr. Adashi is a former advisor to the National Committee for Quality Assurance (NCQA; Women's Health Stakeholder Panel), the World Health Organization (WHO; Maternal and Perinatal Health Research group, Tobacco Free Initiative, and Interagency Task Force on Tobacco Control), the World Bank (Reproductive Health and Population Program Action Plan: 2010- 2015), the Rockefeller Foundation (Role of mHealth in the prevention and treatment of Maternal Mortality), and the Bill and Melinda Gates Foundation (Chair, Preeclampsia and Eclampsia: Current evidence and research gaps). As a tenured Professor of Medical Science at Brown University, Dr. Adashi is maintaining multiple educational responsibilities inclusive of the directorship of the Healthcare in America course (a highly subscribed medical school elective) and the directorship of the Healthcare Policy Concentration (a medical school elective for students with special interest in Healthcare Policy).

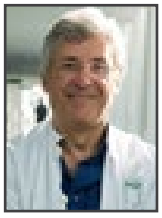

Professor Eric Jauniaux, MD, PhD, FRCOG UK

Professor in Obstetrics and Fetal Medicine, EGA Institute for Women Health, Faculty of Population Health Sciences, University College London (UCL)

Has worked for over 30 years on placental and fetal development and on the diagnosis and management of placental related-complications of pregnancy.
He is the author/co-author of over 450 peer-reviewed original articles and has edited/co-edited 14 books.
His current H-score is 101 and a total of 40,459 citations.
In 1992, my novel findings on placentation drew the attention of Prof Robert Edwards (University of Cambridge; Nobel Prize in Medicine 2010), with whom he edited the book Embryonic Medicine & Therapy (OUP 1997) and co-founded in 2000 Reproductive Biomedicine On-line. He was the first section editor of Reproductive Bio-Medicine on-line 2000-2012.

Prof. Francisco Carmona, Barcelona, Spain

Francisco Carmona is the Chief of the Service of Gynecology of the Hospital Clínic in Barcelona and the Director of the Endometriosis Unit of such hospital. He is full Professor of the University of Barcelona's Department of Obstetrics and Gynecology.

He has published more than 160 papers in journals with peer review and Impact Factor (IF) including also generalist journals as N Engl J Med and Lancet; his total IF is more than 800 with 33 as h index. He has published more than 65 book's chapters (9 in international works) and 8 complete books. He is reviewer of almost 30 scientific journals and member of the Editorial Board of Medicina Clínica and Editor in Chief of Clínica e Investigación en Ginecología y Obstetricia.

He has participated in 279 courses or congresses (95 international) with outstanding participation in 94 of them (51 international); he has given 297 lectures (118 in international events).

He is Académico Correspondiente by election of the Real Academia de Medicina de Cataluña. He is Founder Member and current President of the Society for Endometriosis and Uterine Disorders (SEUD) and the Sociedad Española para el Estudio de los Miomas y la Endometriois

Frank Leuwen, Germany

Dr. Ghassan Lotfi, MD, UAE

Consultant in Obstetrics & Gynecology- AAGL/SRC accredited Master Surgeon in advanced Minimally Invasive Surgery Head of Women's Health Department and CMO at Saudi German Hospital-Dubai

President of the Emirates Endometriosis League-EMEL President of SEUD 2023.

Languages spoken: Arabic, English, Swedish, Norwegian, Finnish, Russian, French.
Dr. Ghassan started his practice as an obstetrician/gynecologist in Scandinavia in 1990, after publishing his post-medical fellowship thesis on "Hormonal receptors in endometrial cancer" in 1989 in Sankt-Peterburg.

Within 20 years of service in Scandinavian countries, Dr. Ghassan received the Swedish board in OB/GYN in 1998, followed by the Finnish and Norwegian OB/GYN board in 1999 and 2000 respectively, working as head of department in Finnish regional hospitals, and consultant in the university hospitals of Ulleval (Oslo), Soder and Karolinska (Stockholm).

Since 2010, Dr. Ghassan has been working in private and public hospitals in the U.A.E., where he helped build service of excellence in minimally invasive surgery in the DHA, and got it accredited from the American Association of Gynecologic Laparoscopy- SRC/ AAGL.

Dr. Ghassan is the current president of the Emirates Endometriosis League and has special interest in endometriosis and problems of chronic pelvic pain.
Dr. Ghassan is the designated president of the SEUD 2023- Society for endometriosis and uterine benign disorders.

Throughout his 33 years of experience within Obstetrics and Gynecology, Dr. Ghassan has developed refined skills in minimally invasive surgery and conducts complex surgical procedures for benign and primary malignant gynecological conditions. He also helps train and supervise other colleagues in acquiring surgical expertise in MIGS.

Dr. Ghassan is Swedish/ Finnish citizen and is of Lebanese origin.

Prof. George Pados, Greece
Professor of Obstetrics-Gynaecology , Aristotle University, Thessaloniki, Greece

E-mail: padosgyn@gmail.com

George Pados studied Medicine at Aristotle University, Thessaloniki, Greece, from 1975 until 1981 and graduated as a medical doctor. He served his military service from 1982 until 1983 and then his rural medical service from 1983 to 1984. Then he started his training in General Surgery from 6-1984 until 6-1985 and specialized in Obstetrics-Gynaecology in the 1st Dept of OB-GYN, Aristotle University during the period 1986-1990. Following his medical studies he took his Ph.D. in Assisted Reproduction at Aristotle University and completed his postdoctoral Research Fellowship on Endoscopic Surgery and Assisted Reproduction in the Centre for Reproductive Medicine, Brussels Free University (AZ-VUB) in 1991 and 1992.

INTERNATIONAL RECOGNITION

-Invited speaker at over 89 international and 175 Hellenic scientific conferences
-Invited member of the Program Organizing Committee of 42 international and 89 Hellenic scientific meetings
- Member of International Committees of presentations review in 9 Congresses
- Member of the Editorial Board of 4 International and 5 Hellenic Scientific Journals
-Reviewer in 105International and 2 National Scientific journals
- Board member in 2 International and 2 Hellenic scientific Societies
-Member in 6 International and 15 Hellenic scientific Societies

PUBLICATIONS

-90 publications in international and 54 in Hellenic Scientific journals
-Editor/ co-editor of one English book and 5 Greek books on Endoscopic surgery in Gynecology, as well as 9 chapters in English and other 8 chapters in Greek medical books

DISTINCTIONS

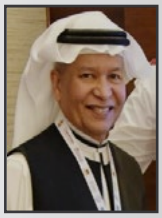

-General Secretary of the Hellenic Society of Gynaecological Endoscopy 1997-2009
-President of the Hellenic Society of Gynaecological Endoscopy 2009-2012
-Member of the ESHRE Committee on Endoscopic Surgery
-Co-organizer of the ESHRE International Workshop on Endoscopic Surgery, Thessaloniki, 1996
-General Secretary of the 14th ESGE Annual Congress, Athens, 2005
- Member of the General Board of the European Society for Gynecological

Endoscopy 2007-2011
-Member of the Advisory Board of the European Society for Gynecological Endoscopy 2014-2017.
-National Representative in ESHRE 2014-2017.
-President of the Hellenic Society for Fertility & Sterility, 2016-until now.
-President of the 28th Congress of the European Society for Gynaecological Endoscopy (ESGE), Thessaloniki, Greece, 2019
- Coordinator of the European certification program of the European Society of Human Reproduction and Embryology GESEA-ECRES (ESHRE) in Reproductive Surgery, 2019-2023
- Senior Deputy of Special Interest Group in Reproductive Surgery of the European Society of Human Reproduction and Embryology (ESHRE), 2020-2022
- Coordinator of Special Interest Group in Reproductive Surgery of the European Society of Human Reproduction and Embryology (ESHRE) in Reproductive Surgery, 2022-2024
Member of the Steering Committee of ARTCC of the European Society of Human Reproduction and Embryology (ESHRE), 2022-until now

- Chairman of the Special Interest Group (SIG) of the European Society for Gynaecological Surgery (ESGE), 2019-until now.

Representative of Greece in the EuMAR project of the ESHRE for the MAR European Data Registry (2023)

AWARDS
Two awards in International and 3 in national
CITATION INDEX : 2142
Impact factor: 154.23
H-Index: 21

Dr. Hisham Ahmed Arab, KSA

Dr. Hisham Arab is a King Saud University graduate from Riyadh, Saudi Arabia, and completed his postgraduate training in obstetrics and Gynecology in Canada. After establishing 2 MFM units in Jeddah military hospitals, he launched his own private practice and became the Director of the Women and Fetal Health Program in Jeddah, specializing in maternal-fetal medicine, reproductive endocrinology, infertility, and minimally invasive surgery.

He was awarded twice for best research at the first International Congress of Perinatal Medicine in Tokyo, Japan in 1991 and the RCOG virtual world congress held in June 2021.

He has published extensively on many topics related to women's health including fetal well-being, diabetes, endometriosis, genital infection and hygiene, infertility, menopause, and covid-19 issues related to Ob/Gyn practice. More specifically, he is the leading author of 4 published Saudi Guidelines on Miscarriage, Anemia, Thrombosis, and intimate feminine hygiene.

Dr Arab is a Founding Member and Former Secretary General of the Saudi Ob and Gyn Society, and currently the Vice President of the Saudi Society for Women Health, Chairman of the Arab Maternal-Fetal Medicine Expert Group, Chairman of the Saudi Endometriosis Group, and Visiting Professor at Weill Cornell Medical College, New York, NY, USA.

Prof. Ioannis E. Messinis, Greece MD, PhD (Aberdeen), FRCOG
Department of Obstetrics and Gynaecology, University of Thessaly, School of Health Sciences, Faculty of Medicine, Larissa, Greece

- Professor (Emeritus) of Obstetrics and Gynaecology, University of Thessaly, Greece
- Past Chairman of the Department of Obstetrics and Gynaecology, University of Thessaly, Larissa, Greece
- Past Rector of the University of Thessaly
- Past Dean of the School of Health Sciences, University of Thessaly
- Former Assistant and then Associate Professor of Obstetrics and Gynaecology, University of Ioannina, Greece
- Former Lecturer in Obstetrics and Gynaecology, University of Edinburgh
- Former Senior Lecturer in Obstetrics and Gynaecology, University of Aberdeen
- Past President of the Mediterranean Society for Reproductive Medicine (MSRM)
- Past member of the Executive Committee of the European Society of Human Reproduction and Embryology (ESHRE)
- Past President of the Hellenic Society of Obstetrics and Gynaecology
- Past President of the Greek Society of Gynaecological Endocrinology
- Past member of the Executive Board of the European Board and College of Obstetrics and Gynaecology (EBCOG)
- Chairman of the Standing Committee on Examinations (SCE) of EBCOG
- "Fellow ad Eundem" – Royal College of Obstetricians and Gynaecologists
- "Excellence" in recognition of the contribution to the review process of the journals Human Reproduction and Human Reproduction Update
- Past Associate Editor of Human Reproduction
- Past Editor-in-Chief of the Hellenic Journal of Obstetrics and Gynaecology
- Section Editor of Reproductive Biomedicine Online (RBOM)
- Reviewer in 40+ international peer-reviewed journals
- 237 publications in peer-reviewed international scientific journals (PubMed) and 65 in National journals
- h-index 50, Citations ~8000 (Google Scholar)

Professor Jacques Donnez, Belgium

Prof. Jacques Donnez is the Director of the SRI (Infertility Research Unit) in Brussels, Belgium. He is also a Professor at the Catholic University of Louvain, Belgium. He has focused his research activities on three main topics: tubal infertility, endometriosis and finally, ovarian cryopreservation and transplantation.

He studied at the Catholic University of Louvain.
He defended his PhD thesis in 1984, entitled "The fallopian tube: normal and pathological histophysiology".

He became Full Professor and Head of the Department Gynaecology and Andrology in 1986.

He also founded the Academic Infertility Research Unit of the Catholic University of Louvain in 1986.

He has focused his research activities on three main topics: tubal infertility, endometriosis and finally, ovarian cryopreservation and transplantation.
He published over 700 original articles in peer-review journals.

Prof. Donnez was the founding president of ESGE (European Society of Gynecological Endoscopy) and the first president of WES (World Endometriosis Society)

Prof. Donnez was the first President of the International Society for Fertility Preservation (ISFP).

He has been elected in February 2009 at the Royal Belgian Academy of Medicine. Since 2012, he is Professor Emeritus at the Catholic University of Louvain and Director of SRI (Société de Recherche pour l'Infertilité) in Brussels.

Member of several SAB (Scientific Advisory Boards), he is still involved in several clinical international multicenter studies on endometriosis and uterine fibroids, and collaborates with the Academic Unit of Prof. M.M. Dolmans, project leader and pioneer in the field of fertility preservation in women.

PROFESSOR JOE LEIGH SIMPSON, USA

Joe Leigh Simpson, MD, FACOG, FACMG, FRCOG, received his undergraduate and medical education at Duke University and postgraduate training at Cornell University Medical College (New York City). Academic positions have included Professor at Northwestern University (1975-1986), Professor and Chairman (Obstetrics and Gynecology) at University of Tennessee, Memphis (1986-1994), Professor and Chairman (Obstetrics and Gynecology) at Baylor College of Medicine (1994- 2006), and Professor and Founding Executive Associate Dean for Academic Affairs at Herbert Wertheim College of Medicine (HWCOM), Florida International University (2007-).

Dr. Simpson has contributed to many components of reproductive genetics and prenatal genetic diagnosis, He is certified in Medical Genetics as well as in Obstetrics and Gynecology. He has written over 800 articles and chapters. His major books include seven editions of Obstetrics: Normal and Problem Pregnancies and three editions as author for Genetics in Obstetrics and Gynecology. His research has been funded by the National Institute of Health and multiple other agencies. Dr. Simpson has served in leadership roles on many national and international committees and many professional organizations. He has been President of International Federation Fertility Societies, the American Society for Reproductive Medicine, the American College of Medical Genetics, Preimplantation Genetic Diagnosis International Society, the International Society of Prenatal Diagnosis, and the Society for Reproduction Investigation. He is a member of the U.S. National Academies of Sciences, Engineering, and Medicine.

Dr. JOLIE MORGAN, UK

Ms Julie Morgan MSc, RGN, APM (PFQ), is a consultant nurse and experienced assisted reproduction technology (ART) practitioner from the United Kingdom (UK). She has extensive experience in the Clinical, Operational, and Human Resources of fertility clinics and is on the scientific and certification committees of the European Fertility Society (EFS), which monitors and advises clinics around the world regarding best practices. She currently consults in research & development in IVF/Infertility technology and is also the founder of 'All About Infertility', an online social media company that provides evidence- based information for patients at all stages of their fertility journey.

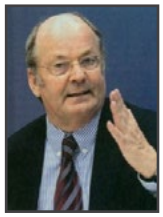

Dr. Khaldoun Sharif, Jordan
MBBCh (Hons), MD, MFFP, FRCOG, FACOG
Clinical Director of the Fertility Center in Jordan Hospital, Amman.
A subspecialist in Reproductive Medicine and surgery, with research interest in azoospermia, embryo transfer, and recurrent implantation failure.

Major interest in post-graduate education and published over 130 publications, including 12 books, numerous book chapters, reviews, and original papers. Delivered over 500 lectures at international conferences.

A Fellow of the Royal College of Obstetricians & Gynaecologists (FRCOG), a Fellow of the American College of Obstetricians & Gynaecologists (FACOG) and a Doctor-of-Medicine (MD) degree holder from Birmingham University, UK.

Previously, the Clinical Director at the Birmingham Women's Hospital, Senior Lecturer at the University of Birmingham, member of the RCOG examination committee, and member of various working groups at the Human Fertilization a Embryology Authority (HFEA), UK.

Prof. K. Diedrich, Germany

Prof. Dr. med. Klaus Hermann Rolf Diedrich Birth: 28.04.1946
Birth-place: Nordenham
Parents: Dr. med. Hermann Diedrich, M. D. Rita Diedrich (maiden-name: Ehrlich), lady of the house

Education:

1966:	High school graduate at the Matthias- Claudiu Gymnasiumin Hamburg
1966:	Start of studies in human medicine at the University of Hamburg
1967:	Naturwissenschaftliche Vorprüfung in Hamburg
1968:	Ärztliche Vorprüfung
1972-73:	Junior house officer in surgery and internal diseases
1973-74:	Military service as M. D.
1974-78:	Senior house officer in OB/GYN at the university clinic of Hamburg.
1979:	Consultant at the department of OB/GYN at the university clinic of Lübeck.
1981:	Ph. D. in Obstetrics and Gynecology.
1982:	age with Christa Diedrich, M. D.
1983:	of a son
1984:	First consultant at the department of OB/GYN of the University clinic of Bonn; University Professor
1984:	Founding member of the European Society of Human Reproduction and Embryology (ESHRE).
1985-91:	Secretary of the European Society of Human Reproduction and Embryology (ESHRE).
1991-93	Chairman-elect of the European Society of Human Reproduction and Embryology (ESHRE)
1993:	Head of department of Obstetrics and Gynecology of the University clinic of Lübeck, resident of the European Society of Human Reproduction and Embryology (ESHRE)
1993:	President of the European Society of Human Reproduction and Embryology (ESHRE)
1994-2000	Secretary of the German Society of Obstetrics and Gynecology (DGGG).
2001:	Member of the German Academy of Science Leopoldina.

2000:	Vice-president (chairman-elect) of the German Society of Obstetrics and Gynecology (DGGG).
2002:	President of the German Society of Obstetrics and Gynecology (DGGG).
2004:	Vice-president of the German Society of Obstetrics and Gynecology (DGGG).
2006:	Vice Dean of the University of Lübeck
2006:	Fellow of the Royal College of Obstetrics and Gynecology.
2006:	Foundation of the German-Greek Society of Obstetrics And Gynecology by Prof. Agorastos (President) and Prof. Diedrich (Vizepresident).
2009:	Medical Director of the University Hospital of Lübeck.
2009"	Doctor honoris causa of the Aristoteles University of Thessaloniki.
2009:	Doctor honoris causa of the University of Alexandropoulis.
2010:	Medical director of the University Hospital Schleswig-Holstein, Campus Lübeck.
10/2012:	Lending of the Carl-Kaufmann-Medaille, the highest Honouring in the gynecology and obstetrics in Germany, Switzerland Austria.
12/2013	Admission of the activity as a reproductive doctor in the centre for reproductive medicine of Amedes, Hamburg, Mönckebergstrasse.
2014:	Honorary Member of ESHRE Member of 18 national and international Editorial boards. Publications: 530 in national and international journals

Prof. Luca Gianaroli, Italy

Dr. Luca Gianaroli is sa pecialist in Reproductive Medicine since the end of the Seventies. He is the Scientific Director of S.I.S.Me.R. (Italian Society for the Study of Reproductive Medicine) and he holds the position of Scientific Director of IIIRM SA in Lugano, Switzerland. He is also advisor of the Italian Istituto Reproduction.
Superiore di Sanità for Medically Assisted

Dr. Gianaroli international has always been an active member of several national and scientific societies in which he has covered and currently covers roles of primary importance.

In 2009-2011, he served as Chairman of the European Society of Human Reproduction and Embryology (ESHRE).

In 2014 he was appointed as Fellow ad eundem of the Royal College of Obstetricians and Gynaecologists.

In 2017, he was one of the founders of the Fondazione PMA. Italia (PMA. Italia Foundation), of which he is currently the Vice-President. From 2016 to 2021 he served as coordinator of the Steering Committee of the ESHRE ART Centre Certification Program.

At present, he is the Director of Global Educational Programs of the International Federation of Fertility Societies (IFFS).

With reference to academic activities, throughout his professional career, Dr. Gianaroli collaborated with several universities in Italy (Università degli Studi di Teramo, Università degli Studi di Modena e Reggio Emilia, Università degli Studi di Trieste, Università degli Studi di Roma Tor Vergata, Università di Bologna) and abroad (Leuven University in Belgium, Monash University in Australia and Geneva University in Switzerland). He served as an Honorary Professor at the School of Biosciences of the University of Kent between 2014 and May 2022. In 2014 he obtained the Italian Abilitazione Scientifica Nazionale (National Scientific License) as Full Professor, which was renewed in 2020.

Dr. Gianaroli is the author of more than 290 papers in international scientific journals and the publisher or co-publisher of 9 books. As of the date of this biosketch, his H-index is 80 (Google Scholar).

Prof. Marie-Madeleine Dolmans, Belgium

Prof. Marie-Madeleine Dolmans earned her medical degree from the Université Catholique de Louvain in Brussels in 2000, and her PhD degree on "Cryopreservation and transplantation of human ovarian tissue" in 2006. She is gynecologist and divides her time equally between clinical and research activities. She succeeded Prof. Donnez as Head of the Gynecology Research Unit at the Université Catholique de Louvain in 2012. She is Past President of the International Society for Fertility Preservation (ISFP). Her research work focuses on human ovarian transplantation, fibroids and adenomyosis in the field of which she has published over 220 peer-reviewed articles. She is full professor and associate editor for Fertility and Sterility.

Dr. Mariona Rius , Spain

Dr. Mariona Rius graduated from the University of Barcelona Faculty of Medicine in 2003 and obtained her doctoral degree. She specialized in Obstetrics and Gynecology. She has worked as a gynecologist in the Hospital Clínic of Barcelona, a tertiary center, since 2014. Her main areas of interest are endometriosis, ultrasound diagnosis, benign diseases, and minimally invasive surgery (laparoscopy and robotic surgery).

Her main area of expertise is in endometriosis, benign disease ultrasound, and minimally invasive surgery. She is a co-author of many scientific articles published in indexed journals. She participates in many international congresses about minimally invasive surgery and endometriosis. She is a member of the faculty in advanced laparoscopic workshops and endometriosis courses since 2014.

MOAMAR AL-JEFOUT, Jordan

MD (USSR), Ph.D. (Sydney University), MMed (HR&HG) (Sydney University), Jordanian Board OBGYN
Associate Professor and Consultant in Reproductive Medicine and Endoscopic Surgery, at UAEU.CM&HS.UAE
President of the Asian Society of Endometriosis & Adenomyosis
Head of the Jordan Endometriosis & Adenomyosis Group

Moamar is currently involved in studying endometriosis in his local and regional communities in the Middle East and is heavily involved in promoting awareness of this disease and related symptoms, especially among health professionals and families within the Middle East.

He believes it is essential to identify early symptoms suggestive of endometriosis in teenagers, especially in young girls with a family history and severe dysmenorrhea that negatively affects the quality of life.
Moamar 's primary clinical and research interest is in endometriosis & adenomyosis, and PCOS; prevalence, pathophysiology, diagnosis, and treatment – both surgically and medically.

He is one of the pioneers in the quest for biomarkers to diagnose endometriosis. His research about uterine nerve fibres indicated the possibility of utilizing these findings as a minimally invasive and specific test. He is also interested in developing novel modalities for the medical treatment of endometriosis by combining different types of progestogens and their long-acting delivery systems.

He has published several articles in peer-reviewed International Journals and two chapters in books addressing endometriosis.

He is a board member of The World Endometriosis Society, The President of The Asian Society of Endometriosis & Adenomyosis (ASEA), Founder of the Jordan endometriosis & Adenomyosis Group & The Emirates Endometriosis League (EMEL)

Dr. Mohamed Ali Bedaiwy, Canada

MD, PhD, FACOG, FRCSC,

Is currently Professor and Division Head of Reproductive Endocrinology and Infertility, Department of Obstetrics and Gynecology, Faculty of Medicine, the University of British Columbia, Vancouver, Canada. Dr Bedaiwy is double board certified by the American Board of Obstetrics and Gynecology in Obstetrics and Gynecology and Reproductive Endocrinology and Infertility. He is also a fellow of the American College of Obstetrics and Gynecology and a fellow of the Royal College of Physicians and Surgeons of Canada.

Dr Bedaiwy received his medical degree from Assiut University School of Medicine, Egypt where he graduated Valedictorian, summa cum laude.

Dr Bedaiwy completed:

- Residency in Obstetrics and Gynecology and Reproductive Endocrinology and Infertility at the University Hospital Case Medical Center, CWRU, Cleveland, Ohio, USA.
- Clinical Fellowship at the University Hospital Case Medical Center, CWRU, Cleveland, Ohio, USA.
- Clinical Fellowship in Minimally Invasive Surgery at the Cleveland Clinic Foundation, Cleveland, Ohio, USA.
- Research Fellowship in Reproductive Biology and Minimally Invasive Surgery at the Cleveland Clinic Foundation, Cleveland, Ohio, USA.
- Fellowship in Reproductive Sciences, University of Toronto, Toronto, Canada
- PhD from the University of Maastricht, the Netherlands.

Dr. Mourad W Seif, UK
MSc, Dip (Mang.), PhD, FRCOG,

Consultant gynaecologist at St Mary's Hospital, Manchester UK & the University of Manchester. Lead Consultant for reproductive endocrinology and menopause services at St Mary's Hospital, with a special interest in reproductive surgery, evidence-based medicine, systematic reviews, and clinical trials.
He was awarded the Sims Black Professorship by the RCOG in 2013
He was an editor in the Cochrane Collaboration in Gynaecology and Fertility Group until 2015.

He has achieved a high profile in Global Women's Health, was an International Consultant to UNFPA, the Founder and Coordinator for the RCOG-Eurovision project, the Project Director and Chair of the Steering Group for UNFPA (EECA) project on building capacity on evidence-based guideline/protocols in sexual and reproductive health in Eastern Europe and Central Asia.

He was the External Expert and Chief Editor of the European Board & College of Obstetrics and Gynaecology (EBCOG) Standards for Gynaecology, a member of the Faculty (and co-author) of the EBCOG-Master Class on the adaptation of evidence-based guidelines, and was the Responsible Officer for UNFPA-EBCOG Collaboration.

He was the Lead investigator for several clinical trials, including Manchester –Lead for the UKCTOCS on ovarian cancer screening; the largest trial of its kind in the world

He is an author of a large number of peer-reviewed publications including Cochrane reviews and supervisor and examiner to higher degrees and undergraduates in the University of Manchester and others in the UK and in Europe.

Member of the RCOG-Council 2000-06 and Council of the Faculty of Sexual and Reproductive Health (FSRH) 2005-9, revalidation, and various other Committees of the RCOG.

Prof. Mustafa Baris Atta, UK

Professor Ata did his REI fellowship at McGill University and clinical trials Masters at the London School of Hygiene and Tropical Medicine. He serves on editorial boards of leading journals in the field including Human Reproduction Update,Human Reproduction, and RBMO. He actively works for ESHRE and IFFS, he is the President of the Turkish Society of Reproductive Medicine. He holds multiple awards for research, education, and quality of patient care from several institutions, including McGill University, the American Society of Reproductive Medicine, and Koç University. He currently works at ART Fertility Clinics in Dubai, UAE, and Koc University, Istanbul.

Prof. Richard Kennedy, UK

Richard Kennedy is an Obstetrician and Gynaecologist based in the UK and is an Associate Professor at the University of Warwick Medical School. He has recently retired from being Medical Director of the Birmingham Maternity System, UK where he led the implementation of important developments in maternity care. He has held senior medical leadership roles in the UK and Australia leading patient safety, service improvement, and reconfiguration initiatives. He was for many years Consultant Obstetrician and Gynaecologist and specialist in Reproductive Medicine in the UK where he set up the IVF programme, was a member of the first NICE infertility clinical guidelines committee, and was one of the early inspectors for the Human Fertilisation and Embryology. He is past president of the British Fertility Society, immediate Past President of the International Federation of Fertility and Societies (IFFS), IFFS Associate Director of Education with responsibility for online education and is co-chair of the WHO Infertility Guideline Development Group.

Dr. Rudolph Kantum Adageba, Ghana

Prof. Sambit Mukhopadhyay, UK

MD DNB FRCOG Msc
Consultant Gynaecologist
Special Interest: Urogynaecology, Medical Education
Affiliation:
Honorary Senior Lecturer, Norwich Medical School, University of East Anglia, UK
Norfolk and Norwich University Hospital, Norwich UK

Chair: Professional Development Committee, RCOG Treasurer: European Board & College of Obstetrics and Gynaecology, Brussels
I have been widely published; I have produced several peer-reviewed papers, EBCOG position statements, and chapters in various textbooks. I have edited 5 books including The EBCOG postgraduate textbook in obstetrics and gynaecology

Dr. Sezcan Mumusoglu, MD, Turkish

Sezcan Mumusoglu, MD, completed his Obstetrics and Gynecology residency and a fellowship in Reproductive Endocrinology and Infertility (REI) at Hacettepe University, Ankara, Turkey. He has authored over 50 publications in esteemed peer-reviewed journals. Since 2020, he has served on the editorial boards of Human Reproduction and Frontiers in Endocrinology. Dr. Mumusoglu is a board member of the Turkish Society of Reproductive Medicine and has been promoted to the position of director of the REI clinic at Hacettepe University since 2023. His research interests include endometriosis, clinical in vitro fertilization (IVF), reproductive endocrinology, ovarian reserve markers, polycystic ovary syndrome, and premature ovarian insufficiency.

Professor Shawky Z. A. Badawy, USA

Professor, Department of Obstetrics and Gynecology Professor, Department of Pathology

Director, Reproductive Endocrinology and Infertility State University of New York, Upstate Medical University Syracuse, New York

- Dr. Badawy completed medical school, internship and residency at Ain Shams University. He completed his Senior Residency at Upstate Medical University, Syracuse, New York. He completed his Fellowship in Reproductive Endocrinology at Rockefeller University, New York, New York.
- He is Board Certified by the American Board of Obstetrics and Gynecology for both Obstetrics and Gynecology, and for Reproductive Endocrinology. He is a member of many National and International Societies.
- He has 180 publications. He participated in 418 speaking presentations. He supervised many post doctoral thesis for fellows.
- He is interested in research studies related to Endocrinology and Infertility. Presently his research work is related to pathogenesis of Endometriosis.

Professor Sherman Silber, USA

Dr. Sherman Silber, a renowned pioneer in microsurgery and infertility, is considered one of the world's leading authorities on IVF, mini-IVF, spermretrieval, ICSI, vasectomy reversal, male infertility, tubal ligation reversal, egg and embryo freezing, ovary transplantation and the reproductive biological clock.

For over 46 years Dr. Silber has originally developed all of the most popular fertility treatments used all around the world today.

He performed the world's first microsurgical vasectomy reversal, as well as the first testicle transplant, in the 70's and now in the current century, the world's first ovary transplant. He was the first to develop the TESE and MESA techniques for retrieving testicular and epididymal sperm in azoospermic men. He headed the clinical MIT team that first mapped and sequenced the Y chromosome in infertile men and discovered the now famous DAZ gene for male fertility. His research includes also the study of reproduction and fertility in zoo animals and endangered species. Most recently he has perfected the preservation of fertility for cancer patients with ovarian freezing and transplantation and thereby figured out how to extend the reproductive biological clock of women. He has helped pioneer minimal ovarian stimulation to reduce IVF costs and eliminate complications while maintaining the very highest success rate, even in older women. He heads the clinical team on the CHOSE project to transform skin biopsy cells into eggs and sperm in humans. He has even recently answered the age-old question of why the dinosaurs went extinct by extending his research on male infertility and the Y chromosome, discovering that the change in earth temperature 65,000,000 years ago led to the birth of a skewed male/female sex ratio.

He now heads the clinical team on the CHOSE project to transform skin biopsy cells into eggs and sperm in humans.

Dr. Silber went to medical school at the University of Michigan, did post- graduate training at Stanford University, and then again at the University of Michigan. From 1967 to 1969, he provided medical care via the U. S. Public Health Service to Eskimos, Indians, and Aleuts. Then he taught at the University of Melbourne Medical School in Australia, and later at the University of California Medical School in San Francisco. He is a scientific collaborator at MIT in Cambridge, Massachusetts, at the Kato Clinic in Tokyo, and at the University of Kyushu in Japan, and is a full professor at the University of Amsterdam, and at Sun Yat-Sen University Medical School in China. His major clinical medical practice is at St. Luke's Hospital in St. Louis, Missouri.

Prof. Silke Dyer, SA

Professor Silke Dyer (FCOG, FRCOG hon, Ph.D.) is an obstetrician and gynaecologist and reproductive medicine subspecialist. She is the Director of ANARA, the African Network and Registry for Assisted Reproductive Technologies and the Clinical Data Director of the International Committee for Monitoring Assisted Reproductive Techniques (ICMART).

She serves on the Science and Technology Advisory Group, Sexual and Reproductive Health and Research, of the World Health Organization; and the Education Committee of the International Federation of Fertility Societies.

She is in full-time clinical and academic practice working at Groote Schuur Hospital, a level three referral center in the public-academic health sector of South Africa, where she is Head of the Division of Gynaecology, Department of Obstetrics and Gynaecology. She is also a full professor at the Faculty of Health Sciences, University of Cape Town.

Prof Dyer's clinical and academic work is driven by the desire to improve infertility-related reproductive health services and access to care and through this the quality of life of infertile people. Her research, regional activity, and international engagement are focused on registries monitoring utilization, availability, effectiveness, and safety of ART, the delivery of fertility care in low-resource settings, and the psychological and socio- cultural experience of infertility.

Dr. Silvia Vannuncini Florence, Italy

She is a Consultant at University Careggi Hospital in Florence, Italy. She has been trained at the University of Siena as a specialist in Obstetrics and Gynecology. She worked as a clinical research fellow in Maternal-Fetal Medicine at the University of Oxford. During her PhD program, she focused her interest on uterine disorders (endometriosis, adenomyosis, and uterine fibroids), imaging diagnosis, and medical management, attending centers of Excellence for Endometriosis and Adenomyosis (Centre Hospitalier Universitaire (CHU) Cochin, Service de Gynécologie Obstétrique et Médecine de la Réproduction, Paris, France; KU Leuven, UZ Leuven - Gynecology Ultrasound Unit (Leuven, Belgium).

Her scientific interest is devoted to women's health, from pre-conception to pregnancy. She is interested in how uterine disorders and related endometrial and myometrial abnormalities may influence placental function and thus pregnancy development and outcome. She is investigating endometriosis, adenomyosis, and uterine fibroids from both the basic science (pathogenetic pathways and mediators) and the clinical (ultrasound diagnosis and comorbidities) point of view. She regularly attends scientific meetings as an invited speaker, in the field of Benign Gynecology and Maternal-Fetal Medicine. She is the author or co- author of more than 70 peer-reviewed papers published in indexed scientific journals and book chapters in international books in Obstetrics and Gynecology.

Dr Tahir Mahmood CBE, UK

MD, FRCPI, FRCPE, MBA, FACOG, FEBCOG, FRCOG

Has served as Vice President of Standards Royal College of Obstetricians and Gynaecologists (2007-2010) and as Past President-Elect (2011-2014) and President (2014-2017) European Board and College of Obstetrics and Gynaecology (EBCOG). He currently serves as Chair Standing Committee of the Standards of Care and Position Statements (EBCOG). He is also an International Consultant to the UNFPA Eastern Europe and Central Asia. He has edited 15 manuscripts and has published more than 250 papers and book chapters.

Prof. Wolfgang Holzgreve, Germany
MBA, FACOG, FRCOG
Wolfgang Holzgreve graduated in medicine from the University of Münster in Germany and in genetics from the University of California in Berkeley.

He became a specialist in obstetrics and gynecology in Germany and did his postdoctoral fellowship in reproductive genetics at the University of California in San Francisco. In 1995 he was appointed as Chair of the Department of Obstetrics and Gynecology at the University of Basel, Switzerland. From there he was recruited back to Germany to become the Medical Director and Chair of the Board of Directors of the University of Freiburg. In 2010/2011 he was on a sabbatical at the Institute for Advanced Study in Berlin. Since 2012 he is Physician-in-Chief and Chair of the Board of Directors (CEO) of the University Bonn Medical Center.

Prof. Holzgreve´s main research has been in the area of prenatal diagnosis and therapy, and he was involved with the development of invasive techniques such as chorionic villus sampling and Non- invasive Prenatal Diagnosis from maternal blood. His research resulted in more than 600

original papers, more than 10 books, Editorial Board memberships of 15 journals. He received many awards including the Maternite award, the Liley medal etc…, and received seven honorary doctoral degrees. He was President of many professional organizations such as the German Societies of Reproductive Medicine and of Perinatal Medicine, as well President of the Swiss Society of Obstetrics and Gynaecology, Treasurer of the European Board and College of Obstetrics and Gynaecology (EBCOG) and of the World Federation of Gynaecology and Obstetrics (FIGO) for six years each.

In 2018 he received the Ordination of First degree (Bundesverdienstkreuz 1. Klasse) from the President of the Federal Republic of Germany.

He has served the German National Academy of Science Leopoldina in various Capacities; and in 2019 was elected into the Executive Committee of the Inter Academy Partnership (IAP).

In 2020 he was reelected as Medical Director and CEO of the Universit Medical Center Bonn for the period of Jan.1, 2022 – Dec. 31, 2026

Professor Yacoub Khalaf , UK

MB, BCh, MSc, MD, FRCOG, MFFP
Professor in Reproductive Medicine & Surgery, Guy's & St. Thomas' Hospital and King's College, London

- Head of Fertility Services and Director of Assisted Conception Unit & Centre for Pre-implantation Genetic Diagnosis
- Member of the Human Fertilisation & Embryology Authority (HFEA)
- Executive Officer of the British Fertility Society
- Chair of the Scientific and Clinical Advances Committee of the HFEA
- Chair of the RCOG National Clinical Study group in Reproductive Medicine & Surgery
- Member of the RCOG Research Committee
- Expert advisor to the National Institute for Health Care & Clinical Excellence (NICE)
- Associate Editor of the RBM online Journal
- Grant Reviewer for the National Institute for Health Research in the UK
- Director of the International Exchange Programme in ART and Fertility Imaging courses at Guy's and St Thomas' Hospital Foundation Trust
- Principal Investigators/clinical adviser of several NIHR funded research grants
- Supervisor and examiner of Masters, MD and PhD candidates for various UK universities
- Published widely (>100 Peer reviewed articles) on different aspects of Assisted Conception, Reproductive Medicine & Surgery in major medical journals.
- Lectured on ART at numerous national and international conferences

Prof. Yutaka Osuga, MD, PhD, Japan

- Professor and Chair, Obstetrics and Gynecology, Graduate School of Medicine, the University of Tokyo
- Deputy director, the University of Tokyo Hospital
- Vice Chairperson of the Executive Board, Chairperson of International Relations Committee, Japan Society of Obstetrics and Gynecology
- President, Japan Society for Reproductive Medicine
- President, Japan Society of Fertilization and Implantation

Prof. Osuga received his MD in 1985 and PhD in 1995 from the Faculty of Medicine of the University of Tokyo, Japan. He completed his OB/GYN residency training at the University of Tokyo. He trained as a postdoctoral fellow in the field of ovarian physiology at Stanford University from 1995 to 1997. He is board-certified by the Japan Society of Obstetrics and Gynecology, the Japan Society of Gynecologic and Obstetric Endoscopy and Minimally Invasive Therapy, the Japan Society for Reproductive Medicine, and the Japanese Society of Anti-Aging Medicine.

Prof. Osuga provides clinical services in gynecology and reproductive medicine with special expertise in laparoscopic surgery and assisted reproductive technology. His main research targets cover a wide variety of physiology and pathology of reproduction including endometriosis, implantation, folliculogenesis, and reproductive aging. He has authored over 500 research papers published in eminent peer-reviewed journals and has written and edited many textbooks. He serves as an executive board member of several medical groups and associations and an editor of several international journals. He is frequently sought out to provide his expertise at international medical conferences and academic institutions.

Contributed International Organizations

1ST DAY

Thursday-November 30th, 2023

REGISTRATION
08:00-9:00 AM
Aida Hall (Salon Vert)

Opening
9.00-9.05 AM

PLENARY I — 3 PLENARY LECTURES (18 min +2 min Discussions) — 09:05-10:15

CHAIRMEN

Gamal Serour
Al Azhar University

Yakoub Khalaf
UK

Ahmed Abdel Maguid Attia
Cairo

TIME	LECTURE	SPEAKER
09.05-09.25	Awareness and Delay in Diagnosis of Endometriosis in the Arab World.	**Hisham Arab** *KSA*
09.25-09.45	Reproductive Hormone Secretion and Follicular Maturation in PCOS	**Ioannis Messinis** *Greece*
09.45-10.05	Modern Approaches for Medical Therapy of Symptomatic Myomas	**Jacques Donnez** *Belgium*
10.05-10.15	Q&A and Wrapping Up	

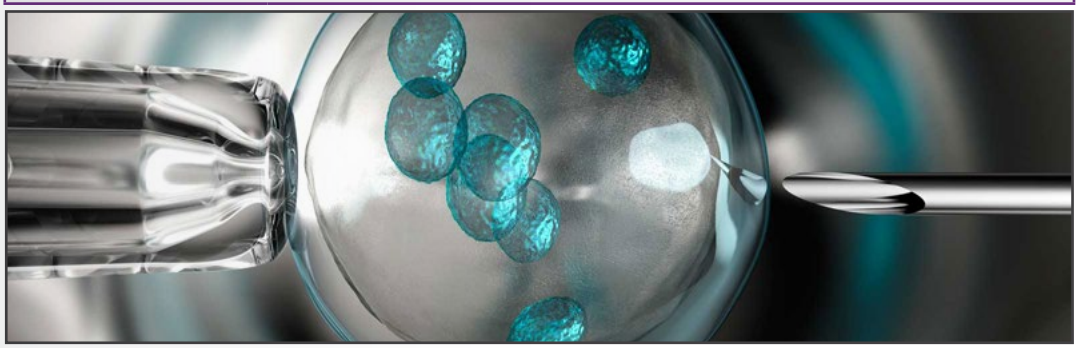

Splendotocin Splendid

SPLENDID PHARMA SYMPOSIUM

CHAIRMAN

Gamal Serour

TIME	SPEAKER
10.15-10.45	**Ibrahim Mahrous** *Egypt*
10.45-11.15	Coffee Break

PLENARY II | 4 PLENARY LECTURES (18 min +2 min Discussions) | 11:15-12:45

CHAIRPERSONS

Mohamed Yahia *Ain Shams University*
Omar Shaaban *Assiut*
Mervat Sheikh El Arab *Alexandria*

TIME	LECTURE	SPEAKER
11.15-11.35	Management of Infertility in PCOS	**Basil Tarlatzis,** *Greece* ***(Virtual)***
11.35-11.55	Ovary allo-Transplantation	**Sherman Silber,** *USA*
11.55-12.15	Ovarian Tissue: Freezing or Vitrification: Time to be Objective	**Marie-Madeleine Dolmans** *Belgium*
12.15-12.35	Eggs and Sperm from a Buccal Smear	**Eli Y. Adashi,** *USA* ***(Virtual)***
12.35-12.45	Q&A and Wrapping Up	

DEBATE 1 12.45-13.25

MODERATOR

Klaus Diedrichm, *Germany*

UTERINE SEPTUM IS TO BE REMOVED IN INFERTILE WOMEN

YES	**Mohamed Bedaiwy,** *Canada*	20 min
NO	**Yakoub Khalaf,** *UK*	20 min

CHAIRPERSONS

Diaa Abdelaal, *Assiut*
Eman Anwar, *Al-Azhar*

13.25-13.40	EVA Pharma Symposium (EVA PHARMA SECURING YOUR HEALTH)
13.40-13.55	Coffee Break II

PARALLEL SESSIONS I

13.55-15.25

(Each Presentation 12 minutes + 3 min Discussion)

HALL A *(Aida Hall)-Amonasro*	HALL B *(Aida Hall)-Ramfis*	HALL C *(Aida Hall)-Radames*	HALL D *Amneris*
Governance, Training, and Medical Education/Research	Ovarian Stimulation Protocols	ART Protocol, Procedures & Outcomes	The Futuristic Outlook of ART
CHAIRPERSONS **Emad Darwish,** *Alexandria* **Mohsen Noseir,** *Benha* **Hanaa Fathy Abu Raia,** *Al Azhar*	**CHAIRMEN** **Ibrahim Mahrous,** *Al Azhar* **Mohamed Salama Gad,** *Menofia* **Alaa Elguindy,** *Armed Forces*	**CHAIRPERSONS** **Adel Shafik,** *Ain Shams* **Dalia El Haieg,** *Zagazig* **Mohamed Kandil,** *Suez*	**CHAIRMEN** **Mohamed Aboulghar,** *Cairo* **Amr ELshalakany,** *Cairo* **Hossam Fahem,** *Al Azhar*
13.55-14.10	**13.55-14.10**	**13.55-14.10**	**13.55-14.10**
Mamoon Banat, *(Canada)* ***(Virtual)*** Burnout in IVF Labs: Identifying Triggers and Implementing Solutions for Andrologists and Embryologists-Worldwide Survey.	**Basil Tarlatzis,** *(Greece)* ***(Virtual)*** What is the Best Protocol for Surpassing LH Surges.	**Yakoub Khalaf,** *(UK)* Does Elective Embryo Freezing Increase the Success of IVF/ ICSI?	**Julie Morgan,** *(UK)* Transforming Fertility Clinics: Unlea-shing the Potential of the Metaverse.
14.10-14.25	**14.10-14.25**	**14.10-14.25**	**14.10-14.30**
Khaldoun Sherif, *(Jordan)* Emotional Distress after IVF Failure	**Salah Rasheed,** *(Egypt)* Highly Purified Gonadotropins	**Silke Dyer,** *(South Africa)* Ethical Challenges in Balancing Myths, Science and Policy in the Delivery of ART-the Case of Twins and Triplets	**Aboubakr El Nashar,** *(Egypt)* Artificial Intelligence and ART
14.25-14.45	**14.25-14.40**	**14.25-14.40**	**14.30-14.45**
Ahmed Makhlouf, *(Egypt)* New Trends and Professional Responsibilities in Obstetric–Gynecologic Medical Education and Training	**Hisham Arab,** *(KSA)* New Trends in Follicular Recruitment	**Hassan A. El Maghraby,** *(Egypt)* EFRE Survey for Luteal Support in IVF among National and International Fertility Specialists	**Adel Elboghdady,** *(Egypt)* Recent Advances in IVF Technology
14.45-15.00	**14.40-14.55**	**14.40-14.55**	**14.45-15.00**
Mervat Sheikh El Arab, *(Egypt)* To Get the Benefit of Doubt: The Fifth Paradigm in Medical Practice!	**Amr Adeel,** *(Egypt)* Poor Ovarian Responders. Novel algorithm for Management.	**Duru Shah,** *(India)* ***(Virtual)*** Do we need to assess Hormones besides Ultrasound Monitoring during ART cycles? ... The Indian View.	**Omar Shaaban,** *(Egypt)* Contraceptive in the Pipeline: Near Future
15.00-15.15	**14.55-15.10**	**14.55-15.10**	**15.00-15.15**
Ayman Shehata, *(Egypt)* Management of PHVP	**Bassam El Helw,** *(Egypt)* Artificial Oocyte Activation; Clinical Application Revisited	**Mohammed Ahmed Faris,** *(Egypt)* Diagnostic Role of IVF/ ICSI in Couples with Unexplained Infertility	**Mohamed Walaa El Deeb,** *(Egypt)* IVF Success Train: Has it Parked?
	15.10-15.25	**15.10-15.25**	
	Aly Ahmed Aly Emam, *(Egypt)* Progestin Primed Double Stimulation Protocol: A Glimpse of Hope in Management of Poor Responders	**Amr Sharaf Eldin,** *(Egypt)* Fresh Versus Frozen Embryo Transfer-what is the best?	
15.25-15.30	**Q & A and Wrapping Up**		

PARALLEL SESSIONS II | 15.30-17.00

HALL A (Aida Hall)-Amonasro	HALL B (Aida Hall)-Ramfis	HALL C (Aida Hall)-Radames	HALL D Amneris
Oncofertility	Society of Endometriosis and Uterine Disorders (SEUD) Adenomyosis: A Modern Vision	Stem Cells and Gamete Development	Genetics and Assisted Reproduction
CHAIRMEN Mohamed El Sherbiny, *MOH* Mohamed Abdel Salam, *Benha* Omar El Megharbel, *MOH*	**CHAIRPERSONS** Diaa Agalan, *Tanta* Mohamed Momtaz, *Cairo* Lamis El Zorkani, *El Galaa M. Hospital*	**CHAIRMEN** Hossam Fahem, *Al Azhar* Amr Samy Khodeir, *Suez Canal* Diaa Abdel Aal El Nashar, *Assiut*	**CHAIRPERSONS** Emad Mosa Ibrahim, *Menia* Eman Anwar Hassan, *Al Azhar* Ezzat El Sobky, *Ain Shams*
15.30-15.45	**15.30-15.50**	**15.30-15.45**	**15.30-15.50**
Marie-Madeleine Dolmans, *(Belgium)* Ovarian tissue Transplantation: Lessons from More than 350 live Births.	Silvia Vannuncini, *(Italy)* *(Virtual)* Current Concepts in Adenomyosis.	Sherman Silber, *(USA)* In Vitro Maturation (IVM).	Joe Leigh Simpson, *(USA)* Carrier Genetic Screening.
15.45-16.00	**15.50-16.10**	**15.45-16.00**	**15.50-16.05**
Mohamed Thabet, *(Egypt)* Fertility preservation in Female Cancer Patients: A Practical Approach	Mariona Rius, *(Spain)* Modern Approach for Adenomyosis Diagnosis	Wolfgang Holzgreve, *(Germany)* Stem Cells from Cord Blood and other sources for therapy- What the obstetricians/ Gynaecologists should know.	Mohamed Bedaiwy, *(Canada)* Genetic Testing for Early Pregnancy loss: New Methods and updated Indications.
16.00-16.15	**16.10-16.30**	**16.00-16.15**	**16.05-16.20**
Sherif Elsayed, *(Egypt)* Ovarian Transposition Prior to Radiotherapy.	Charles Chapron, *(France)* Adenomyosis and Infertility	Abdel Maguid Ramzy, *(Egypt)* Oocyte Cryopreservation. Current Trends in Egypt.	Abdel Maguid Sarhan, *(Egypt)* Is Preimplantation Sex Selection Too Much Used?
16.15-16.30	**16.30-16.50**	**16.15-16.30**	**16.20-16.35**
El Said Abdel Hady, *(Egypt)* Fertility Sparing Surgery in Early-Stage Ovarian Carcinoma.	Francisco Carmona, *(Spain)* Adenomyosis and QoL. How to Improve it	Mona Aboulghar, *(Egypt)* The Egyptian IVF Center Experience with Egg Freezing.	Amira Elmakky, *(UK)* Risk Assessment to Reproductive Choices: The Role of Expanded Carrier Screening for Couples
16.30-16.45		**16.30-16.45**	**16.35-16.50**
Amr El-Shalakany, *(Egypt)* Fertility Sparing in Cervical Cancer in Egypt		Ioannis Messinis, *(Greece)* A Simplified Approach to Ovarian Stimulation for Elective Freezing.	Adel Shafik, *(Egypt)* MTHFR Gene Testing: Why we should never do?
		16.45-17.00	
		Nani Tatishvili, *(Georgia)* Stem Cell Autotransplantation	
16.50-17.00	Q & A and Wrapping Up		
17.00-17.10	Refreshment		

PARALLEL SESSIONS III | 17.10-18.45

HALL A (Aida Hall)-Amonasro	HALL B (Aida Hall)-Ramfis	HALL C (Aida Hall)-Radames	HALL D Amneris
Improving Obstetric Outcomes	African Federation of Fertility Societies (AFFS)	PCOS and Ovulatory Dysfunction	Adenomyosis & Endometriosis
