

COMPLICATIONS IN ORTHOPAEDICS AND TRAUMATOLOGY

ORTHOPAEDICA BELGICA 2019

25-26 APRIL 2019
Kursaal Oostende

www.orthobelgica.be

Dear Colleagues,
Dear Friends,

PRACTICAL INFORMATION

On behalf of the BVOT and the SORBCOT, it is a great pleasure to invite you to participate in the **Orthopaedica Belgica 2019 Congress** which will take place in Oostende on **25 and 26 April** in the great Kursaal located facing the sea.

The general theme we have chosen is “**Complications in Orthopaedics and Traumatology**”. This is of course a topic that concerns all of us regardless of our specialty and will allow to have plenary sessions and discussions on more specific matter.

We wanted to associate with this organization all the Groups, Commissions and Societies of Specialties that revolve around the BVOT and the SORBCOT. Thereby we have gathered speakers among the best Belgian specialists and some prestigious foreign speakers to avoid or treat complications: shoulder, elbow, hand, hip, knee, foot, spine, paediatric, traumatology... all these topics will be discussed in common or parallel sessions. There will also be an Ethics and Economy meeting and free communications from ABAOT and BOTRA.

Oostende is a beautiful city to host this event. Your companion (or yourself) can enjoy your stay to visit attractive museums, go shopping or walk on the beach or the port.

You will be invited on Thursday evening at the Gala of the Congress which will be anything but stilted: a walking dinner dancing in the very special setting of the Racecourse of Oostende.

Hoping to receive you for this pleasant annual meeting,
we send you our best feelings

David Zorman (Sorbcot President) **Guy Molenaers** (BVOT President)

THE VENUE

Kursaal Oostende

Kursaal-Westhelling 12
8400 Oostende

REGISTRATION

Registration is required to access the meeting.

We recommend you register online before the congress as available seats and material cannot be guaranteed for onsite registrations.

Welcome desks will open on Friday and Saturday at 08:00.

Access with badge only.

Registration fee covers access to the sessions (incl. coffee breaks and lunches) and materials distributed onsite. Registration fee does not cover hotel accommodations. All prices are Incl. 21% VAT. On your final invoice there will be mentioned “registration fee & catering”.

Type of Participant	Early Bird before 15 Mar	Normal	Late as of 15 April
Senior Member - 1 Day	280,00 EUR	305,00 EUR	330,00 EUR
Senior Member - 2 Days	410,00 EUR	460,00 EUR	510,00 EUR
Non-Member - 1 Day	360,00 EUR	385,00 EUR	420,00 EUR
Non-Member - 2 Days	560,00 EUR	610,00 EUR	660,00 EUR
Resident, Fellow, Physio, Nurse - 1 Day		120,00 EUR	
Resident, Fellow, Physio, Nurse - 2 Days		180,00 EUR	

ACCREDITATION

Credits will be requested to Riziv/Inami for surgeons.

IMPORTANT: in order to be eligible, do not forget to enter your Riziv/Inami number during your registration.

HOW TO GET THERE

Public transportation

- Take the train until Station Oostende.
- Bus 1 will bring you to the Kursaal in about 7 minutes.
This bus runs every 20 minutes.

By car

- The closest underground parking is Kursaal 1 – Monacoplein.

THURSDAY

25.04.2019

PRELIMINARY PROGRAMME

	AUDITORIUM	DELVAUX	RIDDERZAAL
	08:00 - 09:00 Registration, Welcome coffee & Visit of the Exhibitors		
09:00 10:30	Infections	Hip	UEMS
	10:30 - 11:00 Coffee Break & Visit of the Exhibitors		
11:00 12:30	Trauma	Elbow	UEMS
	12:30 - 14:00 Lunch & Visit of the Exhibitors		
	12:30 - 13:00 General Assembly Acta Orthopaedica Belgica		
14:00 16:00	Hip	Shoulder	Physiotherapy
	16:00 - 16:30 Coffee Break & Visit of the Exhibitors		
16:30 18:30	Hip	ABAOT-BOTRA	Physiotherapy
	19:00 - 23:00 Orthopaedic Networking Walking Dinner		

FRIDAY

26.04.2019

PRELIMINARY PROGRAMME

	AUDITORIUM	DELVAUX	RIDDERZAAL
	08:00 - 09:00 Registration, Welcome coffee & Visit of the Exhibitors		
09:00 11:00	Knee	Foot & Ankle	Paediatrics
	11:00 - 11:30 Coffee Break & Visit of the Exhibitors		
	11:00 - 11:30 - General Assembly GBS-VBS Section Orthopaedics		
11:30 13:00	Knee	Foot & Ankle	CAOS
	13:00 - 14:00 Lunch & Visit of the Exhibitors		
14:00 17:30	13:00 - 13:30 General Assembly BVOT		
	Hand & Wrist	Fora (Ethics)	Spine

ABAOT – BOTRA

THURSDAY 16:30 – 18:30

FREE PAPER PRESENTATIONS

More free papers to come – Don't hesitate to submit your paper!

Induced-membrane technique in congenital pseudarthrosis of the tibia with graft obtained by tissue-engineering	Solange de Wouters
Distal metatarsal articular angle correction in hallux valgus treatment	Gregory Lambeau Lambeaux
Trapezo-metacarpal arthroplasty as a therapeutic alternative to trapezectomy-ligamentosuspension: for which patients? About 80 cases at Saint-Luc, Brussels	Bastien Decot
Could we predict complications after intramedullary nailing of tibial shaft fracture?	Julie Manon
A patient with Noonan syndrome and multiple joint problems	Othmane Miri

CAOS

FRIDAY 11:30 – 13:00

CAN TECHNOLOGY HELP US TO AVOID EARLY ARTHROPLASTY COMPLICATIONS?

MODERATORS: Emmanuel Thienpont & Bernardo Innocenti

11:30	Introduction on Early Complications in Arthroplasty	Emmanuel Thienpont
11:45	Can navigation help avoid early arthroplasty complications?	Bart Stuyts
12:00	Can PSI help avoid early arthroplasty complications?	Olivier Verborgt
12:15	Can robotics help avoid early arthroplasty complications?	Jan Victor
12:30	Can virtual reality help avoid early arthroplasty complications?	Wouter Sioen
12:45	<i>Discussion</i>	
13:00	End of Session	

ELBOW – BELSS

THURSDAY 11:00 – 12:30

MODERATORS: Frédéric Schuind & Roger van Riet

11:00	Treatment of simple elbow dislocations	Pieter Caeckebeke
11:08	Treatment of terrible triad injuries	Fabian MOUNGONDO
11:16	Mechanics of persistent elbow instability	Frédéric Schuind
11:24	Ligament reconstruction for chronic instability of the elbow	Roger van Riet
11:32	Bony reconstruction of the unstable elbow	Tim Leschinger
11:40	Treatment of longitudinal instability of the forearm	Wissam El Kazzi
11:48	Treatment of stiff elbow	Ilse Degreef
11:56	Complications of paediatric fracture-dislocations	Atdhe Muhadri
12:04	<i>Discussion</i>	
12:30	End of Session	

FOOT & ANKLE - BFAS

FRIDAY 08:50 – 13:00

08:50	Welcome	Bernhard Devos Bevernage
--------------	---------	---------------------------------

OVER- AND UNDERCORRECTION: THE FOREFOOT

09:00	Recurrent hallux valgus	Jacques de Halleux
09:10	Hallux varus	Karolien Schwagten
09:20	Recurrent metatarsalgia	Farhad Tajdar
09:30	Recurrent hammertoes	Tom Lootens
09:40	<i>Discussion</i>	

WOUND COMPLICATION WITH UNDERLYING MATERIAL

10:00	When to remove infected osteosynthesis material?	Jeroen Neyt
10:15	Covering exposed bone/ tendons in the foot and ankle	Bert van den Hof
10:30	Reverse sural fasciocutaneous flap	Joris De Vos
10:40	Review Literature	Kris Buedts

10:50 - 11:20 Coffee Break

POSTOPERATIVE STIFFNESS

11:20	How to prevent?	Stefan Verfaillie
11:30	How to treat?	Jo Wierinckx

NONUNION, MALUNION

11:40	When to use autologous bonegraft?	Bernhard Devos Bevernage
11:50	When to use synthetic graft, allograft, BMP?	Johan Vanlauwe
12:00	Correction of hindfoot malunion	Geoffroy Vandeputte
12:10	Removal of osteosynthesis material : benefits and drawbacks?	Stefan Clockaerts
12:20	<i>Discussion</i>	
13:00	End of Session	

FORA - ETHICS

FRIDAY 14:00 – 16:30

ORTHOPRIDE

Check the website for updates

LOW VARIABILITY CARE

Check the website for updates

CURRENT HEALTH POLICY BY GBS-VBS

MODERATORS: Dr J.-L. Demeere

Check the website for updates

HAND & WRIST - BELGIAN HAND GROUP

FRIDAY 14:00 – 17:15

TRAUMATIC SURGERY COMPLICATIONS

MODERATORS: Joris Duerinckx & Bernard Lefebvre

14:00	After K-Wires osteosynthesis	Nadine Hollevoet
14:15	After Finger osteosynthesis	Laurent Obert
14:30	After metacarpal osteosynthesis	Pieter Caekebeke
14:45	After wrist osteosynthesis	Barbora Bocankova
15:00	After scaphoid osteosynthesis	Joris Duerinckx
15:15	After Tendons surgery	David Mathieu
For all topics: 10 minutes presentations + 5 minutes discussion		

SCHEDULED SURGERY COMPLICATIONS

MODERATORS: Nadine Hollevoet & Anne Lejeune

15:30	After median nerve liberation	Jeroen Vanhaecke
15:45	After trigger fingers liberation	Jeroen Vanhaecke
16:00	After Depuytren surgery	Ilse Degreef
16:15	After wrist arthrodesis	Laurent Obert
16:30	After wrist ligamentoplasty	Nadine Hollevoet
16:45	After Trapezeectomy	Laurent Obert
17:00	After trapezo-metacarpal prosthesis	Anne Lejeune
17:15	End of Session	
For all topics: 10 minutes presentations + 5 minutes discussion		

HIP – GROUPE HANCHE

THURSDAY 09:00 – 10:30

PREVENTION OF VENOUS THROMBOEMBOLIC EVENTS AND MANAGING OF NEW ANTICOAGULANT THERAPY IN HIP ARTHROPLASTY

09:00	Introduction	Marc Jayankura
09:06	Compression stockings and prevention of Venous Thromboembolism (VTE)	Sophie Mercier & Xavier Morel
09:12	Direct thrombin inhibitors and Factor Xa inhibitors versus low-molecular-weight heparin (LMWH)	Sophie Mercier & Véronique Hamoir
09:20	Surgical approach and VTE	Maïté Van Cauter
09:28	Outpatient total joint arthroplasty, Rapid Recovery and VTE	Tatiana Charles
09:36	Guidelines for deep-vein thrombosis prevention in hip arthroplasty in 2019	Serge Motte
10:01	Management of patient treated by direct thrombin inhibitors and Factor Xa inhibitors in case of femoral neck fracture	An Sermon
10:16	Discussion	
10:30	End of Session	

HIP – BELGIAN HIP SOCIETY

THURSDAY 14:00 – 18:30

MATERIAL PROBLEMS IN TOTAL HIP ARTHROPLASTY

14:00	Innovations in total hip arthroplasty. What patients want	Thierry Scheerlinck
14:20	Material Problems on the stem side	Michael Morlock (DE)
14:40	Material Problems on the cup side	Catherine Van Der Straeten
15:00	Discussion	
15:15	Oh My God, complications and horror cases in hip surgery	Kris Govaers
16:00	End of Session	

16:00 - 16:30 Coffee Break

MEDICAL AND LEGAL ASPECTS OF SERIOUS IMPLANT FAILURE

Stijn Ghijssels

16:30	And then suddenly the stem breaks...	John Piens Simon (TBC)
16:40	The ASR problem. A personal experience	Filiep Bataillie
16:50	How a retrieval lab can help when things go wrong	Michael Morlock (DE)
17:05	Strategy of the company	Bruno Cheyns
17:20	The role of the competent authority	Christophe Driesmans – FAGG/AFMPS
17:35	Do's and don'ts for the orthopedic surgeon	Verzekering (TBC)
17:50	Discussion	
18:30	End of Session	

INFECTIONS

THURSDAY 09:00 – 10:30

09:00	Update on PJI from the ICM meeting	Jeroen Neyt
09:15	Update on FRI from the consensus group	Willem-Jan Metsemakers
09:30	Update on local delivery of antimicrobials in musculoskeletal infection	Guy Putzeys
09:45	Update on prevention of orthopaedic infection	Olivier Cornu
10:00	<i>Discussion</i>	
10:30	End of Session	

KNEE – BELGIAN KNEE SOCIETY

FRIDAY 09:00 – 11:00

MODERATORS: Bruno Vandekerckhove & Peter Verdonk

09:00	Hardware removal: tips and tricks	Stefaan Van Onsem
09:20	Soft tissue coverage in TKA and revision TKA	Bert Vanmierlo
09:40	Stiffness: extensions deficit	René Verdonk
10:00	Stiffness: extensor apparatus	Jan Victor
10:20	<i>Discussion</i>	

KNEE – GROUPE GENOU

FRIDAY 11:30 – 13:00

MODERATORS: Pierre Burton

11:30	Metal allergy in TKR: myth or fact?	Charles Parmentier
11:45	Complications in ACL reconstruction surgery	Michel Vancabeke
12:00	Extensor mechanism reconstruction with an allograft	Pauline Besonhe & Jean-Emile Dubuc
12:15	Femoro-patellar complications after total knee arthroplasty	Anaïs Legrand & Pierre Burton
12:30	<i>Discussion</i>	

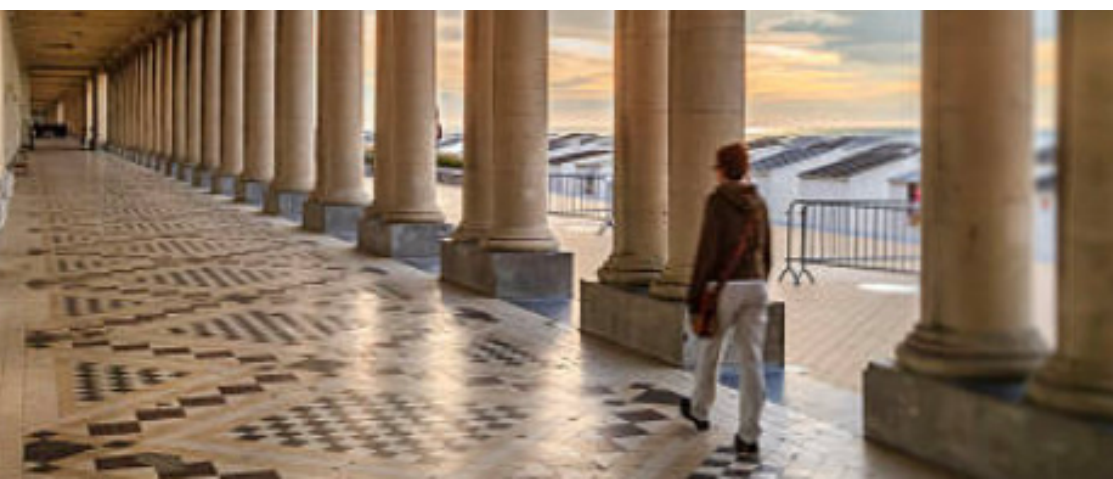

PAEDIATRICS – BAPO

FRIDAY 09:00 – 11:00

MODERATORS: Nanni Allington & Frank Plasschaert

09:00	Postraumatic radioulnar synostosis. How to deal with it?	Robert Elbaum
09:12	Sepsis complication after Tibial lengthening	Robert Elbaum
09:24	Orthopaedic complications associated with Sickle-cell disease	Pierre-Louis Docquier
09:36	Complications in the treatment of a missed Monteggia fracture	Aurélie Andrzejewski
09:48	Complication of a Bernese femoral head volume reduction osteotomy for Perthes disease	Jerry Kieffer (LU)
10:00	Complications associated with Nuss technique for thoracoplasty	Brice Henry
10:12	Gorham's disease: a case report	Michel Bellemans
10:24	Difficulties and complications in treating a case of congenital pseudarthrosis of the tibia during humanitarian missions	Jerry Kieffer (LU)
10:36	<i>Discussion</i>	
11:00	End of Session	

PHYSIOTHERAPY

IN COLLABORATION WITH THE BELGIAN OF
SPORTS PHYSIOTHERAPY FEDERATION

THURSDAY 14:00 – 16:30

HAMSTRING INJURIES: PREVENTION OF COMPLICATIONS

MODERATORS: Séverine Abellaneda & Joke Schuermans

14:00	Prevention and screening	Joke Schuermans PhD (UGent & BFSP)
14:20	Exercise therapy: load management and progression criteria's after hamstring injury	Bastian Vermeylen (ULB)
14:40	Functional rehabilitation and performance	Jo Verschueren PhD i.o. (VUB & BFSP)
15:00	Q&A	

15:15 - 15:40 Coffee Break

MODERATORS: Nicolas Vandenbalck & Jo Verschueren

15:40	Return to Play After Hamstring Injuries	Séverine Abellaneda PhD (ULB & BFSP)
16:00	Muscle strenght monitoring: from prevention to Return to Play with Nordbord® Hamstring system	Xavier Troessaert (Brussels)
16:20	Q&A	
16:30	End of session	

SHOULDER – GROUPE EPAULE & BELSS

COMPLICATIONS OF DISLOCATIONS OF
THE SCAPULAR BELT

THURSDAY 14:00 – 16:00

STERNO-CLAVICULAR &

MODERATORS: Katia Cermak and Alexander Van Tongel

14:00	Indications of arthroscopy in post traumatic SCJ pain	Graham Tytherleigh-Strong (Cambridge UK)
14:15	The use of a hookplate in SC pathology	Alexander Van Tongel
14:30	Complications after Surgical treatment of ac-clavicular luxation	Gert Van den Bogaert
14:45	Q&A	

GLÉNO-HUMERAL INSTABILITY

MODERATORS: Etienne Lejeune and Antoon Van Raebroeckx

15:00	Analysis of muscular strength and range of motion after surgery for anterior gleno-humeral instability: Bankart+Hill-Sachs vs Latarjet	Simon Koulicher
15:15	Complex Shoulder Instability	Laurent Willemot
15:30	Instability: the challenge of the RSA	Gaëtan Gaetan Opsomer & Philippe Schiepers
15:45	Q&A	

SPINE

CHECK NEW DOCUMENT

PREVENTION AND MANAGEMENT OF SURGICAL COMPLICATIONS

FRIDAY 14:00 – 17:30

PER-OPERATIVELY ENCOUNTERED UNDESIRABLE EVENTS AND COMPLICATIONS: PREVENTION AND MANAGEMENT

14:00	Patient positioning related complications, hypotension induced complications	N. Parisi
14:15	Incidental durotomy, nerve root damage, vascular damage	Evrard Munting
14:30	Iatrogenic bone damage, osteoporosis, cement extravasation	Bernard Bouillet
14:45	Discussion	

IMMEDIATE POSTOPERATIVE COMPLICATIONS

15:00	Diagnosis: neurological deficit, intractable pain, axial peripheral...	Evrard Munting
15:15	Management: Acute infection, implant malposition, hematoma, instability, implant loosening, unexplained...	Laurent Fabeck
15:30	Discussion	

15:45 - 16:15 Coffee Break

MEDIUM/LONG-TERM COMPLICATIONS

16:15	Diagnosis: persistent pain, axial or peripheral, secondary neurological deficit, sagittal or/and coronal imbalance	Evrard Munting
16:30	Management: Chronic infection, non-union, adjacent stenosis	Serge Troussel
16:45	Instability, iatrogenic imbalance	Xavier Banse
17:00	Discussion	
17:30	End of Session	

TRAUMA – BOTA

THURSDAY 11:00 – 12:30

NONUNION MANAGEMENT – A DAILY PROBLEM IN FRACTURE TREATMENT

MODERATORS: Eric De Groof & Gerrit de Wachter

11:00	Evaluation and correct diagnosis – essential steps for a successful treatment	Ionut Caracudovici
11:15	Treatment objectives and principles – a practical approach	Wim Vandesande
11:30	Cellular therapies for bone regeneration: An update	Peter Giannoudis (Leeds UK)
11:55	Special circumstances – a case based presentation	Dan Putineanu
12:10	Discussion	
12:30	End of Session	

UEMS

THURSDAY 09:00 – 12:30

MODERATORS: Jorge Mineiro & John Albert
