**To whom it may concern**

I hereby certify, as Editor-in-Chief of the Journal *Vetus Testamentum*, that the article by Prof. Dr. Beatrice Bonanno, entitled "Ἰκανός in the Septuagint: A Lens on Divine Sufficiency and Human Inadequacy?" (VT-1723), has been accepted for publication after double blind peer review. It will be published as advance online article as soon as the proofs will be finished and about a year later in the print version of *Vetus Testamentum*.

Sincerely,

*A. Schellenberg-Lagler*
