With scientific program

7th Annual Conference of FPS(I)

Fertiprotect 2020

Perpetuation to Procreation

Virtual Conference

10 & 11 October 2020

Organized By

FPSI Tamil Nadu Chapter

Not Just A Webinar
A Complete
Virtual Experience

FPSI- FERTIPROTECT-2020

The Fertility preservation society of India (FPSI) is a noble and budding organization, formed in the year 2014, to create awareness of oncofertility, conserve fertility and perpetuate knowledge while using scientific deliberations, clinical research, publications and evidence-based approaches in the field of oncofertility and also fertility preservation in other non-oncological situations. The core objectives are to integrate and educate the main fraternity that will be responsible for conservation of fertility namely, Medical Oncologists, reproductive specialists, oncosurgeons, gynecologists and embryologists. To create awareness among the general public and associate with NGO's enabling patient access to information and being an advocate of their basic rights. To collaborate scientifically with international and national healthcare professionals in order to be able to deliver the best treatment strategies for the deserving and needy patients.

Under the auspices of FPSI, our annual conference, Fertiprotect 2020 aims to fulfill some of the core objectives by reaching out to a wide global audience and bring together some of the world-renowned names in the field of oncofertility. "Perpetuation to Procreation" being the mantra of this conference, the scientific deliberations are one of a kind covering all aspects of what one needs to know in program-Medicolegal aspects to treatment strategies and recent advances and research. This will be a two-day academic extravaganza in October 10-11th 2020 on a virtual platform.

Talking about Novel, this is a web based conference keeping true to safe practices and requirements during a pandemic and yet giving you the quintessential state of the art visual experience. The lectures have been specially selected to bridge gaps between awareness and clinical know-how and finally summing it all up with safe laboratory techniques that spell success. Clear cut take home messages and the ability to embark on a safe oncofertility practice is our end goal.

Last but not the least-we are offering this academic visual extravaganza completely free.

Only registration details will be required without a fee. Exclusive membership discounts for first 100 registrants may be considered. Kindly await further announcements on this note. If you are an aspiring or an established reproductive specialist, embryologist or gynecologist who has a keen interest in oncofertility, becoming a member should be your first objective towards updating, networking and enhancing your clinical and lab skills. The registration is free but donation to the society will be encouraged.

Sessions

Session-1

Pediatric oncology

Learning objectives:

A comprehensive overview of pediatric oncology covering all aspects of gonad friendly chemo-therapeutic and radiation techniques along with technical approach to gonadal protection.

Session-2

Breast Symposium

Learning Objectives:

An insight into the wide spectrum of breast diseases and establishing the boundary of benign versus malignant. The optimum time interval between diagnosis to initiation of therapy wherein fertility preservation could be well woven and its intricacies. What are the options and their setbacks against individual diagnosis and outcomes.

Session-3

Borderline ovarian tumors

Learning objectives:

What one should know about these tumors in the reproductive age group and how best to conserve ovaries for future fertility. The challenges faced by both the patient and the treating fertility specialist. The practical aspect of counselling of the families as well as the patient form the core of this session.

Sessions

Session-4

Fertility preservation-embryology aspects- workshop

Learning Objectives:

For all aspiring clinicians, onco-fertility experts and embryologists it is imperative to know how to set up a lab for fertility preservation. Perfecting the now common modalities of oocyte and embryo freezing which is very essential for future retrieval towards best outcomes. Last but not the least, the practical aspects of ovarian tissue cryopreservation in a step wise approach. This gives a complete and thorough understanding of the basics as well as applied skills.

Session-5

Medico-legal aspects

Learning Objectives:

How to integrate fertility preservation among regular oncology services and establishing a good counselling narrative with transparency of what to expect in terms of future fertility outcomes. In addition, how to deal with medico-legal aspects for which one must always be prepared for makes this session a very important part of the learning.

Session-6

The Malignant Womb

Learning objectives:

Management of early uterine cancers in order to preserve fertility and thereafter using hormones to prepare the endometrium for implantation makes this session unique and challenging. Moreover which stimulation protocols will give the best results and what evidence says in terms of managing pregnancy and beyond is an added treat.

FERTIPROTECT 2020 – PROGRAMME

DAY-1

10th October 2020, SATURDAY

Inauguration

1:00pm

–

1:30pm

Prayer
Welcome address

FERTIPROTECT 2020 – PROGRAMME

DAY-1

10th October 2020, SATURDAY

Session 1- Pediatric Oncology Session

2:45pm – 4:00pm	Chairpersons Dr. Rajapriya Ayyappan Dr. Charmila Ayyavoo Dr. Ila Gupta	
2:45pm – 3:05pm	Overview of Pediatric & Adolescent Malignancies	Dr. Ponni Sivaprakasam
3:05pm – 3:20pm	Gonadal Protection Techniques	Dr. Sanjay Chandrasekar
3:20pm – 3:40pm	Fertility Friendly Medical Oncology	Dr. Ruchira Mishra
3:40pm – 4:00pm	Discussion Q & A	

FERTIPROTECT 2020 – PROGRAMME

DAY-1

10th October 2020, SATURDAY

Session 2- Breast symposium

4:00pm – 5:15pm	Chairpersons Dr. Tanya Buckshee Rohatgi Dr. Devika Gunasheela Dr. Rajan Vaidya	
4:00pm – 4:20pm	Current Scenario of Breast Diseases	Dr. Selvi Radhakrishna
4:20pm – 4:40pm	Is chemotherapy compatible with fertility preservation?	Dr. M.A. Raja
4:40pm – 5:00pm	Fertility Preservation Options & Setbacks	Dr. Hemashree Rajesh
5:00pm – 5:15pm	Discussion Q & A	

FERTIPROTECT 2020 – PROGRAMME

DAY-1

10th October 2020, SATURDAY

Oration 2

5:20pm

–

6:15pm

Chairpersons

Dr. Krithika Devi
Dr. Kundavi Shankar
Dr. Mala Raj

Ovarian Stimulation Protocols in
Gynaec Cancers & Outcomes

Dr. Javier Domingo

FERTIPROTECT 2020 – PROGRAMME

DAY-1

10th October 2020, SATURDAY

Session 3 -Borderline ovarian tumors

6:15pm – 7:45pm	Chairpersons	Dr. Neena Malhotra Dr. Dasari Papa Dr. Shalu Gupta
6:15pm – 6:35pm	Ovarian Tumors in Reproductive Age Group	Dr. Neeta Singh
6:30pm – 6:55pm	Ovarian Conservation Techniques	Dr. Sabhyata Gupta
6:55pm – 7:15pm	Challenges in Counselling for fertility preservation	Dr. Puneet Rana Arora
7:15pm – 7:30pm	Discussion Q & A	

FERTIPROTECT 2020 – PROGRAMME

DAY-1

10th October 2020, SATURDAY

Oration 3

7:30pm – 8:15pm	Chairpersons Dr. Pankaj Talwar Dr. S.S. Vasan Dr. P B Sivaraman	
7:30pm – 8:00pm	Present and Future of Fertility Preservation in Male	Prof. Ranjith Ramasamy
8:00pm – 8:15pm	Discussion Q & A	

FERTIPROTECT 2020 – PROGRAMME

DAY-2

11th October 2020, SUNDAY

Workshop / Conference Oration IV - Embryological Aspects of Fertility Preservation

1:45pm – 3:30pm	Chairpersons Dr. Alex Vargeese Dr. Dhakshinamoorthy Swaminathan Dr. Varsha Samson Roy
-----------------------	--

1:45pm – 2:15pm

Setting up an ART Lab for Fertility Preservation- Nuts & Bolts

Dr. Ethiraj Balaji Prasad

2:15pm – 2:45pm

Embryo & Oocyte Cryopreservation Tips for Perfection

Dr. Steven Fleming

2:45pm – 3:15pm

Ovarian Cortical Tissue Freezing- Step wise approach

Prof. Christiani A. Amorim

3:15pm – 3:30pm

Discussion Q & A

FERTIPROTECT 2020 – PROGRAMME

DAY-2

11th October 2020, SUNDAY

Conference Oration V

3:30pm – 4:00pm	Chairpersons Dr. Priya Selvaraj Dr. Sujatha Ramakrishnan Dr. Priya Kannan	
3:30pm – 4:00pm	Option of IVM in connection with OTC in Fertility Preservation	Prof. Claus Yding Andersen
4:00pm – 4:15pm	Discussion Q & A	

FERTIPROTECT 2020 – PROGRAMME

DAY-2

11th October 2020, SUNDAY

Session 5 - Medico-legal aspects

4:15pm – 5:15pm	Chairpersons	Dr. G Bhuvaneshwari Dr. Puneet Arora Dr. V Sridevi
4:15pm - 4:30pm	Integration of FP in oncological services	Dr. Madhuri Patil
4:30pm - 4:45pm	Counselling the Patient for Fertility Preservation & Its Barriers	Dr. Rajvi Mehta
4:45pm - 5:00pm	Medicolegal Issues in Fertility Preservation	Dr. Hitesh Bhat
5:00pm - 5:15pm	Discussion Q & A	

FERTIPROTECT 2020 – PROGRAMME

DAY-2

11th October 2020, SUNDAY

Session 6 – The malignant womb

5:15pm – 6:45pm	Chairpersons	Dr. Geetha Haripriya Dr. Richa Jagtap Dr. Rashmi Sharma
5:15pm – 5:35pm	Conservative Management of Endometrial Carcinoma	Dr. Jaishree Gajaraj
5:35pm – 5:55pm	Modifications in Stimulation Protocols	Dr. Denis Vaughan
5:55pm – 6:15pm	Preparing the endometrium post cancer treatment	Dr. Rajan Vaidya
6:15pm - 6:35pm	Pregnancies and Follow Up after Endometrial Cancer	Dr. Padma Rekha Jirghe
6:35pm - 6:45pm	Discussion Q & A	

FERTIPROTECT 2020 – PROGRAMME

DAY-2

11th October 2020, SUNDAY

Conference oration 6

6:45pm – 7:30pm	Chairpersons Dr. Umesh Jindal Dr. Jeyarani kamaraj Dr. Sharath Battina	
6:45pm – 7:15pm	Practicalities of Caring for the Patients with Malignancy	Dr. Denis Vaughan
7:15pm – 7:30 pm	Discussion Q & A	

Registration

Registration is complementary
Please register at the earliest to make our
arrangements to suit the number of
registrants

Kindly encourage participation of the
pharmaceuticals by way of sponsoring the
talks and sessions and taking part in the
exhibition

Donations and contributions can be paid
directly to
